Synergy Group Offers Smarter Work Solutions

Dubai, UAE – September 20, 2016 – The Synergy Group is pleased to announce that entrepreneurs and established businesses alike now have a dynamic new space to call home, thanks to the launch of Synergy’s business centre brand. Officially named *Synergy Smarter Office Solutions*, the first offering under the innovative work space features twenty-seven fully furnished offices, fully equipped meeting rooms and dedicated parking. A prime multi-use location, this business centre overlooks the buzzing Downtown Dubai, the Burj Khalifa area and is in the heart of Business Bay. This thriving district is conveniently located within close proximity to Dubai International Airport, making it a perfect base for business.

“Synergy Smarter Office Solutions is second to none and thanks to its outstanding facilities, we know our project on creating business centres will be a huge success,” commented Stuart Curtis, Managing Partner, Synergy Group. “Synergy’s ethos is about *“making better companies”* and we have no doubt that this is the perfect environment for any business, from start-ups to established companies. It also offers affordable short and long-term serviced offices making it ideal for any company wanting to keep overheads low in this impressive space”.

This state of the art business centre with fully serviced office space, Synergy’s entrance at Bay Square is set to become a well sought after address for businesses in the city. Synergy Smarter Office Solutions enables round the clock access via its biometric access control and professional support tailored to suit individual needs, offering everything a business needs in one dynamic space.

Starting a business with Synergy Group could not be easier, with comprehensive all-inclusive packages. Thanks to Synergy’s dedicated in-house team, individuals and companies will benefit from fast assistance on all licensing and set up options, from trade licenses, residency and employment visas to restructuring of existing entities.

Synergy allows you the freedom to fully concentrate on your business operations while we take care of all the red tape, renewing licenses and office set up, making it hassle free.
