# Raptor

the Perfect Sport & Fishing Kayak

**Raptor Canada is the exclusive Ontario distributor of Santa Cruz Kayaks.**

With Raptor Canada, it's all about options. One of our goals is to give you a basic understanding of what accessory options are without confusing you with unnecessary details. We have comfortable seats, live bait tank, different mounting possibilities, rudder/motor mounts, and so much more.

**NEW Seating Options:** higher positioning and greater comfort so you can remain comfortable for hours. Now offering a seat base solution which allows for a variety of premium cushioned seats to adapt to the Raptor Sit-on-Top (SOT).

This evolutionary seat base allows the entire seat to be installed and removed **in seconds**, using the patent pending Quick Latch System

## Features

- The Raptor's uniquely shaped bow is designed to shred waves, deflect spray, yet still maintains a low profile reducing the effects of windage.
- The SOT Raptor its width, measured along the seat section, is much narrower. This allows for easy paddle strokes and it's easy on the knuckles too.
- The pontoons not only providing exceptional strength and stability the stiff keels are the thickest area since they take the most abuse. You can store the Raptor on any cross rack without worry about deformation. When you compare the Raptor to other kayaks it's easy to see - there is no comparison - it's in a class by itself.
- The rear is where there is the biggest difference. The catamaran-style pontoons provide a level of stability that is unparalleled a stability that allows you to stand up and move about the boat freely.
- Stability that only the Raptor can provide.
- Design provides speed and stability. Stable enough to stand and cast
- Paddle keepers, flush-mounted rod holders, as well as plenty of storage for all your gear.
- Low profile and twin- keels prevent crosswinds from pushing you off-course.
- Weighs in at 69 lbs. and can be easily entered and launched by one person.
- Now with a Lifetime warranty on hull to original purchaser.
- Optional Live Bait Tank with scupper recess to fit the Attwood live bait pump
- Patented Design : wave piercing bow with a wide stern for enhanced stability
- On-Board Storage: gasketed center hatch, bow storage for oversized gear
- Flush mount rod holders are now included as standard equipment
- Self Bailing Scupper Holes.
- Adjustable Foot braces
- On deck recess to hold fishing poles/ spearguns and paddles
