

REVAMP

MAKE YOUR WARDROBE WORK FOR YOU

September 2009

Dear Revamp Clients and Friends,

Happy fall!

For most of us September signifies transition; the end of summer, back to school, and typically a change in weather. During this time of change don't let your wardrobe get left behind. After all, it use to be that wearing white after Memorial Day was a fashion don't--fortunately those days are over!

Now is a perfect time to take stock of what you have in your closet. It's helpful to know what you should continue to wear through fall and what would be best set aside until the spring. Creativity will allow some pieces of your wardrobe a longer season which can decrease what you may need to buy at the onset. And of course, *revamping* what you already own will always make you look and feel as if you are transitioning seasons with style--not to mention savings.

Call me today to set up a time to discuss a *Revamp* that would help you this fall. I can assist with anything from finding the perfect outfit for a special occasion to mixing and matching what you already have in your closet to leverage the best combinations for this new season.

I wish you all a healthy and happy fall.
