The federal **Health Information Technology for Economic and Clinical Health Act**, enacted in 2009, made changes to the HIPAA privacy and security rules that apply to personal health information maintained by us.

The following is an overview of the HIPAA changes that go into effect on February 17, 2010:

- **Access to Information in Electronic Format:** If we maintain an electronic health record for an individual, the individual may request access to the information in an electronic format.
- **Restrictions on Disclosures:** We must comply with any request for restrictions on disclosures if the information is to be sent to a health plan for payment or health care operations purposes and the disclosure relates to products or services that were paid for solely out-of-pocket.
- **Accounting of Disclosures:** If we maintain an electronic health record for an individual, the individual will now be entitled to receive an accounting of routine disclosures of their health information, upon request.
- **Marketing and Health Care Operations:** The new rule clarifies the interaction between marketing activities and health care operations activities.
- **Opt-Out of Fundraising:** Language providing individuals with the chance to "opt-out" of fundraising communications must be presented in a clear and conspicuous manner. Any opt-outs elected will be treated as a revocation of any prior authorization.
- **Business Associates:** HIPAA privacy and security rules will now apply directly to business associates who will be subject to the same civil and criminal penalties that apply to providers.
- **Enhanced Enforcement:** HIPAA civil money penalties are now increased and criminal penalties are added for individuals or employees of providers who violate HIPAA.
- **Breach Notification:** HIPAA providers and business associates must provide notice to all affected individuals in the event of an unauthorized or inadvertent breach of unsecured personal health information.

V. **Your Health Information Rights:** Under the law, you have certain rights regarding the health information that we collect and maintain about you. This includes the right to:

1. Request that we restrict certain uses and disclosures of your health information; we are not, however, required to agree to a requested restriction.
2. Request that we communicate with you by alternative means, such as making records available for pick-up, or mailing them to you at an alternative address, such as a P.O. Box. We will accommodate reasonable requests for such confidential communications.
3. Request to review, or to receive a copy of, the health information about you that is maintained in our files and used to make decisions about your treatment. We will respond to your request to inspect records within 10 days. We ordinarily will respond to requests to copy records within 30 days for on-site records and 60 days for off-site records. The standard fee for copying is \$0.75 per page. If we are unable to satisfy your request, we may instead provide you with a summary of the information you requested. We will also tell you in writing the reason for the denial and your right, if any, to request a review of the decision and how to do so.
4. Request that we amend the health information about you that is maintained in our files. Your request must explain why you believe our records about you are incorrect, or otherwise require amendment. Ordinarily, we will respond to your request for an amendment within 60 days. If we are unable to satisfy your request, we will tell you in writing the reason for the denial and tell you how you may contest the decision, including your right to submit a statement (of reasonable length) disagreeing with the decision. This statement will be added to your records.
5. Request a list of our disclosures of your health information. This list, known as an "accounting" of disclosures, will not include certain disclosures, such as those made pursuant to a written authorization. We will ordinarily respond to your request for an accounting of disclosures within 60 days. We will provide you the accounting free of charge, however if you request more than one accounting in any 12 month period, we may impose a reasonable, cost-based fee for any subsequent request. Your request should indicate the period of time in which you are interested (for example, "from May 1, 2003 to June 1, 2003").
6. Request a paper copy of this Notice.: In order to exercise any of your rights described above, you must submit your request in writing to our contact person (see section II above for information). If you have questions about your rights, please speak with our contact person, available in person or by phone, during normal office hours.

V. **To Request Information or File a Complaint:** If you believe your privacy rights have been violated, you may file a written complaint by mailing

it or delivering it to our contact person (see section II above). You may complain to the Secretary of Health and Human Services (HHS) by writing to Office for Civil Rights, U.S. Department of Health and Human Services, 200 Independence Avenue, S.W., Room 509F Washington, D.C. 20201; by calling 1-800-368- 1019; or by sending an email to OCRprivacy@hhs.gov. We cannot, and will not, make you waive your right to file a complaint with HHS as a condition of receiving care from us, or penalize you for filing a complaint with HHS.

VI. *Revisions to this Notice of Privacy Practices:* We reserve the right to amend the terms of this Notice. If this Notice is revised, the amended terms shall apply to all health information that we maintain, including information about you collected or obtained before the effective date of the revised Notice.
