

Scott Chandler at work trimming the pavers to fit. Scott has been the mastermind behind this project!

Scott and his team have excavated the area to be paved, and filled and leveled the gravel bed. Now for the hard part—installing the pavers!

Everyone pitched in! Donna Fulk (photographer's better half) must have carried at least half of those pavers!

BE THE INSPIRATION

Items of Special Interest to Our Members

Work continues on the project to install the access ramp for the Watermen's Museum cottage house. Steve Ormsby, the Museum Director, has found someone to remove and repurpose the existing elevator and is in the process of obtaining the remaining materials needed for the ramp. The current plan is to install the ramp footers before the Christmas holidays - weather permitting. Scott Chandler will provide the work schedule toward the end of the first week in December. With the footers in place before the Christmas holidays, Scott expects we will be able to complete the construction of the ramp in January. Stay tuned!
