

WARNING: DREAMS MAY COME TRUE

H2 Life greeting cards and stickers are made locally with love by two women on a mission to spread positivity in a fun, light-hearted way. Our inspirational stickers and sticker keepsake cards are marked with uplifting intentions that will 'stick' with you and your loved ones wherever you go.

Giving back is at the heart of what we do. H2 Life partners with a variety of schools and charities to create programs instilling mindfulness and kindness in our communities. Our 'Intention Challenge' at Pepperdine University in Malibu, CA brought together close to 2000 students to promote values they aspire to. Our 'Stickers for Smiles' program, together with Dec My Room, brought joy through sticker donations to thousands of hospitalized children in America in 2018.
