Supported Employment Program

What is the Supported Employment Program?

How can the program benefit your business?

VA Supported Employment Program has supplied us with experienced quality employees with great work ethics

Matt – In Memoriam Cemetery

Our Supported Employment Program is dedicated to assist veterans who want and are ready to work. Our clientele are honorably discharged veterans from all walks of life with a variety of skills and educational levels. Our goal is to enable our veterans with disabilities, who have not been successfully employed, to work and contribute to their communities and to society. We focus on the veterans' abilities and desires to provide them the support they need to be successful on a long term basis.

Job Coaching

The Supported Employment Vocational Rehabilitation Specialist can help maximize quality job performance of those hired without adding excessive training responsibilities to current staff.

Positive Community

Your decision to hire America's Veterans will demonstrate your commitment to a diverse work force.

Consultation

We will assist you in successful hiring by matching your labor demands w/ motivated veteran employees.

Pre-screened Applicants

PM&RS SE may be able to reduce the reliance upon temporary service agencies for specific employment situations.

Employer Incentives

Participating employers and employer advocates may be eligible for the Federal Work Opportunity Tax Credit.
