

Job Opportunity:

Clampco Products, Inc., a family owned manufacturer of heavy-duty stainless steel v-band couplings, t-bolt band clamps and strap assemblies, is seeking a Quality Technician. Individuals in this position will be involved in the daily support of all Departmental, Engineering Production and Company quality standards. This position plays a critical role in overall product quality and customer fulfilment. This individual may be required, at times, to work night or 2nd shift hours.

Individuals in this position can perform the following duties and tasks with or without reasonable accommodation:

- Take directives/assignments from Quality Systems Manager and/or Quality Assurance Manager
- Assist Production and floor associates with floor/process quality tasks/issues/problems
- Control of non-conforming product(s)
- Perform receiving inspection or pre/post production parts inspection
- Perform internal audits (system, product, and process) to ensure current/future audit standards are upheld (ISO, TS, AS, Environmental, etc.)
 - Serve as additional internal contact or designee for customer related queries, material review, etc.
- Perform final inspection, gage calibration, statistical analysis and capability studies when necessary/assigned
- Assist with designing and/or implementing inspection/control/production plans as necessary
- Train associates as needed and complete additional tasks and duties as assigned

Physical Demands:

- Light to moderate lifting, dragging, pushing, pulling parts or bins (1-50 or more pounds)
- Work can be completed seated (desk/computer) or standing/walking (floor walks/auditing)
- Occasional operation/use of company provided equipment, gage equipment (micrometers, dial calipers, verniers, tensile, optical comparator, Junkers, etc.) pallet jacks, ladders, scanning guns
- Repetitive computer and parts handling – finger, hand, wrist work
- Written, oral, and/or electronic communications
 - Phone, fax, mail, email, computer, etc.

Mental Demands:

- Ability to understand/interpret data in various forms (electronic, paper, verbal) and perform statistical analysis, Gage R&R, capability studies, as needed/assigned
- Ability to articulate work instructions/audit procedures/ideas, etc.
- Ability to work with vendors, customers, employees, in a professional manner
- Both individually assigned work and team oriented tasks
- Mathematical aptitude customary to industrial/quality profession:
 - Measurements fraction/decimal conversion, standard/metric, geometry, percentages

Competitive salary and benefits apply. Please submit resumes to Melissa Hart in Human Resources at mhart@clampco.com. Clampco Products, Inc. is an Equal Opportunity Employer M/F/Dis/Vets.
