Markham African Caribbean Canadian Association Black Youth Empowerment Conference 2017

Dear Esteemed Community Partner,

The Markham African Caribbean Canadian Association has been serving the community for 30 years. We are dedicated to supporting and developing programs and scholarships for youth. On **Tuesday, May 30th** we are hosting the **P.L.A.N YOUR SUCCESS STORY** Empowerment Conference for Black Youth. We have invited community leaders, partners and role models from all over the GTA to act as mentors and to lead workshops. These partners will share their success stories as well as the tools required to achieve life goals. We believe that these motivational stories of perseverance combined with a focus on health & wellness, financial stability and strategic goal setting will provide a complete PLAN for success and overall well being.

Your presence delivers a message to our young people that the role models in our community are a part of a village of caring adults who are invested in their futures and are confident in their potential. We believe that this type of support is critical to the success of our future leaders. Sharing your success story will inspire youth to begin writing their own.

Please review the attached package and contact us at your earliest convenience to confirm your interest and availability.
