① Loop
3"-4"

For the safety of our volunteers, starting this race season the Tahquamenon Country Sled Dog Race will begin implementing snub line starts. While this change will not be mandatory for 2019, it will become mandatory by 2020. The TCSDR Board urges you to prepare your equipment now and begin using the snub line start. The chain will still be available for holding snow hooks for 2019, but will be phased out by the 2020 race.

Snub lines should extend at least 1 foot but no longer than 2 feet beyond the handle bar. Loop should be approximately 3-4" in diameter. No metal rings. Snub line should be adjustable to run off either right or left side of the sled (see diagram).

If you have questions about this change, please contact a TCSDR official prior to race weekend.
