

Grove Park Oak Hollow CIVIC ASSOCIATION

A NEIGHBORHOOD WATCH COMMUNITY

ABOUT US

GPOHCA is a nonprofit civic association that has been active in Orange Park and Clay County for over 30 years. We are always looking for new members. The current membership has been able to accomplish a lot, but would like to have a larger impact upon our community. Please inquire today about how to become a part of our growing membership. We are always looking for community-based volunteers. We depend on volunteers to support the work of GPOHCA.

The principle objective for which GPOHCA is organized shall be to further the common good and welfare of the community of the Grove Park subdivision, in the county of Clay, in the state of Florida.

In addition, GPOHCA will promote, establish, and maintain civic improvement programs, educational programs, beautification projects, and other incidental projects as are appropriate for the benefit of the community.

GPOHCA is not intended to make a profit. GPOHCA promotes communication and education between the Grove Park Community, Clay County, and the Town of Orange Park. GPOHCA also provides a governing body functioning under democratic principles.

MEMBERSHIP

\$24 per household per year.

Dues are used to maintain our signage, purchase materials such as mulch and items used for our annual Luminaria, social events and spring cleanup.

Additionally, we love supporting our local schools and other organizations. This past year, we've donated to Orange Park Jr. High School, Orange Park Athletic Association, Orange Park High School Band, and Friends of the Orange Park Library. We also send condolence cards to residents' families in their time of need.
