### ESTEEM SYNERGY® TWO-PIECE OSTOMY SYSTEMS

Two-piece ostomy systems provide the discretion of a one-piece and the versatility of a two-piece system. Feature innovative Adhesive Coupling Technology™, creating a secure seal and low profile.

Color-Coded Size Chart: Esteem synergy® Ostomy Systems

up to 1½" LIGHT BLUE	up to 1½" GREEN
up to 2½" YELLOW	up to 3½" PEACH

### SKIN BARRIERS

#### Esteem synergy® Moldable Durahesive® Convex Skin Barriers with Landing Zone Flange

With white, flexible tape collar. Mold-to-fit opening.

	ITEM #	HCPCS	SOLD BY
Small (½" – ¾" stomas), LIGHT BLUE	409268	A4407	10/bx
Medium (¾" – 1¼" stomas), GREEN	409269	A4407	10/bx
Large (1¼" – 1¾" stomas), YELLOW	409270	A4407	10/bx

#### Esteem synergy® Moldable Stomahesive® Skin Barriers

Soft, pliable adhesive rolls open to fit desired stoma size and shape. No cutting is necessary. Adhesive gently hugs individual stoma contours, creating a secure, personalized fit that adapts to changing stomas. Adhesive swells, or "turtlenecks," up stoma wall, eliminating gaps and minimizing leaks that can compromise skin protection. Hydrocolloid Flexible Collar provides additional security, but is gentle on skin. Mold-to-fit opening.

#### SUR-FIT Natura® Moldable Stomahesive® Accordion Flange Skin Barriers **NEW**

Stomahesive® barrier material is designed for people whose stoma output is semi-formed to formed stool. Soft, pliable adhesive rolls open to fit desired stoma size and shape. No cutting is necessary. Mold-to-fit opening. The accordion flange provides ample finger space to apply the pouch with minimal pressure to the abdomen.

	ITEM #	HCPCS	SOLD BY
2¼" flange (½" – ¾" stoma size), <b>RED</b>	421033	TBD	10/bx
2¼" flange (¾" – 1¼" stoma size), <b>RED</b>	421034	TBD	10/bx
2¾" flange (1¼" – 1¾" stoma size), <b>BLUE</b>	421035	TBD	10/bx

#### SUR-FIT Natura® Moldable Durahesive® Accordion Flange Skin Barriers **NEW**

Durahesive® barrier material is ideal for people whose stoma output is mostly liquid. Barrier swells up to protect stoma instead of breaking down around liquid output. Soft, pliable adhesive rolls open to fit desired stoma size and shape. No cutting is necessary. Adhesive swells, or "turtlenecks," up stoma wall, eliminating gaps and minimizing leaks that can compromise skin protection. Mold-to-fit opening. The accordion flange provides ample finger space to apply the pouch with minimal pressure to the abdomen.

#### SUR-FIT Natura® Durahesive® Cut-to-Fit Skin Barriers with Flange

Designed for people whose stoma output is mostly liquid. Unlike other skin barriers/wafers that can break down around liquid output, Durahesive® skin barriers/wafers swell up to protect the stoma. This special effect, called "turtlenecking," helps create a more secure seal without harming the skin. Easy to fit, apply and remove. Adhere securely to the skin while showering, bathing and swimming.

**SUR-FIT Natura® Stomahesive® Flexible Cut-to-Fit Skin Barriers with Flange**

Ideal for people whose stoma output is semi-formed to formed stool. Provides a special formula that enables the skin barrier/wafer to adhere to both dry and moist skin. Hold firmly to skin while helping to protect against irritating output. Outer protective coating helps keep it in place. Maintain adhesion to the skin when showering, bathing and swimming. Easy to fit, apply and remove.

### UROSTOMY POUCHES

#### SUR-FIT Natura® + Urostomy Pouches with Soft Tap, Clear

**NEW**

Pouch shape has been redesigned with a soft body-side comfort panel. New baffle system evenly distributes urine for a slimmer profile and less tugging. The flexible Soft Tap is designed for security and added comfort, and it works with multiple night drainage systems. Internal anti-reflux valves provide additional security.

up to 1 1/4" BROWN

up to 1 1/4" LIGHT GREEN

### Little Ones® SUR-FIT Natura® Flexible Stomahesive® Skin Barriers

Designed specifically to comfortably fit a young child's body. Soft, pliable, adhesive white tape collar applies easily, anchors securely and dries quickly after bathing. Stomahesive® skin barrier offers excellent protection for skin and contours to child's body, while allowing flexible movement.

ITEM #	HCPCS	SOLD BY
1 1/4" flange (3" x 3"), BROWN	401925	A4414
1 1/4" flange (4" x 4"), LIGHT GREEN	401926	A4414

### 6" Little Ones® SUR-FIT Natura® Standard Drainable Pouches without Filter, Transparent

Designed for infants and children. Two-piece system permits easy pouch removal and easy repositioning to ensure unobstructed draining, even while child is asleep. Wide-tail opening for faster, easier emptying. 6" long pouch with one-sided comfort panel.

ITEM #	HCPCS	SOLD BY
1 1/4" flange, BROWN	401927	A5063
1 3/4" flange, LIGHT GREEN	401928	A5063

### 8" Little Ones® SUR-FIT Natura® Standard Closed Pouches without Filter, Opaque

Designed for children and their parents who want the convenience and security of a two-piece, closed-end system with a two-sided comfort panel. Eliminate the need for a tail clip and allow for disposal after one-time use.

ITEM #	HCPCS	SOLD BY
1 1/4" flange, BROWN	401930	A5054
1 3/4" flange, LIGHT GREEN	401931	A5054

### 6" Little Ones® SUR-FIT Natura® Urostomy Pouches, Transparent

Designed for a comfortable fit on a child's body, protection for sensitive skin and a secure coupling. Antireflux valve keeps urine from pooling at base of stoma. Secure drainage tap helps provide leak-proof dependability. Pouches can be repositioned easily to allow for unobstructed drainage, even if child is asleep. Drainage adapter provides easy attachment to night drainage container. With one-sided comfort panel.

ITEM #	HCPCS	SOLD BY
1 1/4" flange, BROWN	401929	A5073

### LITTLE ONES® ACTIVELIFE® POUCHES

	ITEM #	HCPCS	SOLD BY
	650078	A4330	10/bx

## ACCESSORIES

### SENSI-CARE® SKIN PROTECTION

#### Sensi-Care® Sting-Free Adhesive Releaser Spray

Easily and rapidly releases appliances or dressings adhered with adhesive<sup>1</sup>. Helps minimize trauma to patients with no-touch removal. Helps minimize skin stripping that causes pain.

	ITEM #	HCPCS	SOLD BY
50 mL	413499	A4455	ea
150 mL	420798	A4455	ea

<sup>1</sup>Data on file. ConvaTec Inc.

#### Sensi-Care® Sting-Free Adhesive Remover Wipes

Quickly removes adhesive residue. Fast drying with no residue left behind. More coverage: the largest wipe with generous 3-mL saturation<sup>1</sup>.

	ITEM #	HCPCS	SOLD BY
16 cm x 16 cm, 3 mL	413500	A4456	30/bx

<sup>1</sup>Data on file. ConvaTec Inc.

### Sensi-Care® Sting-Free Protective Skin Barrier

Creates a breathable barrier that protects the skin from damage caused by adhesives, body waste and friction. Ideal for daily use: no residue buildup or bonding to skin folds. Ongoing skin protection for up to 72 hours<sup>1</sup>.

	ITEM #	HCPCS	SOLD BY

## SKIN BARRIERS/SEALS

### Eakin Cohesive® Seals

Donut-shaped ostomy accessory that can be molded to a variety of shapes. Acts as a gasket or barrier, and provides enhanced protection for hard-to-fit stomas. Moldable hydrocolloid barrier forms a gel that helps prevent skin damage by sealing the area between the skin and ostomy appliance.

	ITEM #	HCPCS	SOLD BY
Small (2" diameter)	839002	A4385	20/bx
Large (4" diameter)	839001	A4385	10/bx

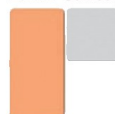

### Eakin Cohesive® SLIMS®

Moldable, moisture-absorbing ostomy barrier seals designed to help protect the skin from contact with bodily fluids. Offer the same benefits as the current Eakin Cohesive® Seals in terms of filling in uneven skin surfaces and creating a level and leak-resistant base. In addition, they offer gentle skin protection, leakage protection with a lower profile and less residue. 1/8" thick. 2" diameter.

	ITEM #	HCPCS	SOLD BY
	839005	A4385	10/bx

### Eakin Cohesive® Skin Barriers

Moldable and moisture absorbing. Designed to protect the skin from contact with bodily fluids. For use where skin is damaged, excoriated or vulnerable.

	ITEM #	HCPCS	SOLD BY
Small (4" x 4")	839004	A4385	5/bx
Large (4" x 8")	839003	A4385	5/bx

### Stomahesive® Skin Barriers

Multipurpose skin barriers designed to help protect peristomal skin and assist in the management of difficult stomas. No starter hole.

	ITEM #	HCPCS	SOLD BY
4" x 4", nonsterile	21712	A4362	5/bx
4" x 4", sterile	21901	A4362	5/bx
8" x 8", nonsterile	21715	A5122	3/bx

### Stomahesive® Strips (Moldable Adhesive)

Double-sided; for use as a filler to protect or fill in uneven skin surfaces next to an ostomy, fistula or wound. Three cards of five strips each.

	ITEM #	HCPCS	SOLD BY
	25542	A4362	15/bx

**CONVATEC (51)**

All ConvaTec ostomy products are latex-free unless otherwise noted.

**LATEX FREE****PASTE/POWDER/WIPES****Stomahesive® Paste**

Pectin-based; ideal for use as a filler for uneven skin surfaces. Increases wear time by absorbing moisture, while helping to prevent skin irritation. 2-oz. tube.

ITEM #	HCPCS	SOLD BY
183910	A4406	ea

**Stomahesive® Protective Powder**

Helps form a protective barrier against excoriated or weeping skin. Increases wear time by absorbing moisture. 1-oz. bottle.

ITEM #	HCPCS	SOLD BY
25510	A4371	ea

**AllKare® Adhesive Remover Wipes**

Effectively remove tape, skin barrier/wafer and adhesive residue from skin that can reduce wear time.

ITEM #	HCPCS	SOLD BY
037436	A4456	50/bx
37443	A4456	100/bx

**AllKare® Protective Barrier Wipes**

Provide a barrier film layer on the skin under tapes, skin barriers/wafers, adhesives and hydrocolloid dressings to help protect against irritation and adhesive buildup.

ITEM #	HCPCS	SOLD BY
037439	A5120	50/bx
37444	A5120	100/bx

**BELTS****Ostomy Appliance Belt**

For use with all ConvaTec pouches. Provides added sense of security. Adjustable up to 42".

ITEM #	HCPCS	SOLD BY
175507	A4367	ea

**POUCH CLAMPS****ConvaTec® Tail Closures**

For improved security, a clicking noise can be heard when closing the tail closure. For use with ActiveLife®, SUR-FIT Natura® and Esteem synergy® drainable pouches.

ITEM #	HCPCS	SOLD BY
175635	A4363	ea

**DuoLock® Curved Tail Closure**

### STOMA CAPS

#### 4" Stoma Caps with Filter

Provide the ultimate in comfort – they are almost like not wearing a pouch at all. Odor-barrier, rustle-free film is soft and silent. Protect the skin, yet gentle upon removal. SoftFlex® (standard wear) skin barrier with tapered edges. 1½".

	ITEM #	HCPCS	SOLD BY
	1796	A5055	30/bx

### KARAYA 5™ ONE-PIECE OSTOMY SYSTEMS

Karaya 5™ is a natural skin barrier that is particularly well-suited for skin problems or sensitive skin where reactions may have occurred to other types of skin barriers. Karaya 5™ seal rings have unique chemical properties that help prevent the growth of organisms that could be damaging to the skin. Karaya 5™ seal rings are also slightly convex (approximately 2 mm) and help fill in around stomas that are flush, recessed or retracted.

### DRAINABLE POUCHES

#### 12" Karaya 5™ Drainable Pouches, Transparent with Belt Tabs

Porous tape, odor-barrier, rustle-free film is soft and silent. Convex skin barrier. Clamp closure.

## NEW IMAGE® TWO-PIECE OSTOMY SYSTEMS

New Image® Two-Piece Ostomy Systems offer a complete range for both hospital or home use. Choose from a complete range of cut-to-fit, shape-to-fit, presized or convex skin barriers that are formulated for gentleness and durability. New Image® skin barriers feature the unique floating flange for the ultimate in a discreet, low-profile coupling system. Pouches are available in all styles, lengths and materials to fit lifestyle choices. All New Image® pouches feature highly effective, odor-barrier quiet film that minimizes the noise associated with plastic films.

### Color-Coded Size Chart: New Image® Two-Piece Ostomy Systems

up to 1¼" (44 mm) GREEN	up to 2¼" (57 mm) RED
up to 2¼" (70 mm) BLUE	up to 4" (102 mm) YELLOW

## SKIN BARRIERS

### New Image® FormaFlex Shape-to-Fit Skin Barriers

Can be stretched to the shape and size of the stoma. Do not require the use of scissors, measuring or tracing. Designed to maintain their shape and protect the skin. Move and bend with a person's body. A possible choice when the stoma is not round or still changing sizes. For use with the New Image® two-piece closed-end, drainable and urostomy pouches. Integrated floating flange eliminates pressure on tender, postoperative abdomens and provides security with a patented locking system that audibly clicks into place.

	ITEM #	HCPCS	SOLD BY

### New Image® FlexWear® (Standard Wear) Flat Skin Barriers

Provide utmost security with the patented locking system that audibly clicks into place. Feature FlexWear®, a skin barrier designed to be worn more than one day and is more resistant to breakdown. Optional tape border adds security to the attachment of the barrier to skin. Barriers without tape feature tapered edges. Integrated floating flange reduces pressure on tender, postoperative abdomens and ensures confidence.

## New Image® FlexWear® (Extended Wear) Convex Skin Barriers

Provide security with the locking system that audibly clicks into place. Feature FlexWear®, an extended wear skin barrier. Barriers without tape feature tapered edges. Integrated floating flange reduces pressure on tender, postoperative abdomens and ensures confidence. Built-in convexity provides security and skin protection for recessed, retracted and flush stomas. Tape border adds security to the attachment of the barrier to skin.

## CENTERPOINTLOCK™ TWO-PIECE OSTOMY SYSTEMS

## Letter Matching System: CenterPointLock™ Ostomy Systems

To help you select compatible CenterPointLock™ Two-Piece System components, every CenterPointLock™ system product box label features a letter designation: H, I, J, K or L. Once you've selected a CenterPointLock™ Two-Piece System Skin Barrier, select a pouch, irrigation drain or stoma cap with the matching letter on the box label.

## SKIN BARRIERS

## CenterPointLock™ FlexWear® (Standard Wear) Skin Barriers with Tape Border

Protect skin from corrosive drainage. Exclusive floating flange eliminates pressure on tender, postoperative abdomens. Unique CenterPointLock™ feature prevents unintentional pouch/skin barrier separation, and provides confidence and security.
