NOVEMBER 2012

Message From The Commodore

We had a great turnout for the Annual Awards Banquet in April. A total of 31 people attended. Food was excellent and it was great socializing with everyone off the ice. Mike Acebo won the Speed Trophy for the year and Howie Dietz was our Honored Guest as the oldest active member in the club. He did a fine job telling us some old ice boat stories.

Well it's getting close to that time again when we have to "THINK ICE". Our swap meet is scheduled for Saturday 12/8/12 from 1 to 4 pm at Weeks Boat Yard. As always there will be free food and drinks. Club dues of \$15 are also due. Hopefully Steve Duhammel will show up with his fine selection of available hardware. You can contact him with your special requests at:

Nthwind1@AOL.com or 781 826 8004

Hope all members survived Sandy without too much difficulty. Looking forward to seeing all of you at the swap meet.

Since the first Tuesday in January falls on News Year Day, the club meeting will be rescheduled to Wednesday January 2. Please mark your calendar.

Thanks.

Ralph

GREENPORT MARITIME FESTIVAL LRIBYC & ORIENT ICEBOAT DISPLAY

Thanks to all who brought boats to display and those who helped set up and break down. We had a lot of visitors, answered many questions and gave numerous kids an introduction to iceboats.
