

Skaneateles Lake

Alternative Onsite Wastewater Treatment Technology Training and Tour

Celebrating 13 Years!

Location: Cayuga County Soil & Water Conservation District

7413 County House Road
Auburn, NY 13021 and
multiple sites around Skaneateles Lake

Date: September 12, 2019

8:00 am Registration (coffee & pastries)
8:00 am to 5:00 pm

Price: \$250 (\$200 for Regulators and Code
Enforcement Officers)

Space is very limited - please register early.

Morning - Classroom - Design, construction, oper-
ation and how to conduct annual maintenance in-
cludes classroom training, and lunch.

Afternoon - Onsite Systems Tour - System Main-
tenance Tour of Alternative Technologies and meet

Who should attend?

Professional Engineers
Architects
Code Enforcement Officers
Contractors
Wastewater professionals
Lake Association Members

Increase confidence as you train with onsite wastewater professionals and ...

Gain PDHs for PEs
Learn alternative design solutions for difficult sites
Submit better septic designs
Meet manufacturers' representatives
Gain a competitive advantage
Consult with Eric E. Murdock, P.E.
Receive a Certificate of Completion

Professional Development Hours: Professional Engineers (PIE)

The **Skaneateles National Community Decentralized Wastewater Demonstration Project** was initiated with funding assistance from USEPA to introduce alternative onsite wastewater treatment technologies in the Skaneateles Lake Watershed. The Skaneateles watershed offers many challenging site conditions. Advanced technologies help protect this high quality water resource that is used as an unfiltered drinking water supply for the City of Syracuse. By demonstrating design, installation, operation and maintenance, the project has expedited the introduction of alternative systems to the region. This training serves to sustain valuable natural resources.

The **New York Onsite Wastewater Treatment Training Network, Inc. (OTN)** represents various industry and agency professionals, including specialists from NYS-DEC, NYSDOH, and NYSDOS. The OTN provides hands-on training throughout NYS to those involved with onsite systems.

Registration Fee: \$250 (regulators \$200)

Make check payable to: OTNNY
