Celebrating Four Years and Now Our Expansion!

**“ I thank you for all that you
and the Apostolate do to
witness to God’s mercy... ”**

Most Rev. Kevin C. Rhoades

The Apostolate of Divine Mercy in Service of Life, Marriage, and the Family (newly re-named after an expansion) seeks to replace the culture of death with a civilization of love by making visible the Divine Mercy of Jesus—through public witness, worship, service, and education—and to promote marriage and family life through prayer and evangelization initiatives.

DECEMBER 30, 2016, THE 6TH DAY OF CHRISTMAS

We have many reasons for joy this Christmas Season, but, unfortunately, we are reminded that EVIL never sleeps. If you are serious about stopping the evil of abortion that continues at rapid pace (approximately 26+ unborn babies murdered per week), you must read this letter to update yourself as to what is happening and what God is asking us to do. The Lord is urging us to go on the offensive against the gates of Hell. For God’s sake, please read this letter.

We are so thankful for the fruits of the ministry thus far, and we are anxious to review all of the remarkable feats from 2016, BUT FIRST, we must address our current financial needs, including supporting mothers in need, and we must address God’s urgent request of us. He is calling us again to expand in order to take down the culture of death (see enclosed letter from Bishop Kevin C. Rhoades), and, in particular, He is asking us to step up our efforts on the pipeline of abortions going from here – the Mishawaka Planned Parenthood – to the Merrillville Planned Parenthood. Meanwhile, Planned Parenthood is gloating over its growing war chest:

“We [Planned Parenthood] have seen an unprecedented outpouring of support, with more than 315,000 people donating **since the election** – a quarter of which pledged to be monthly supporters, recognizing the long term work that is needed.” (Cecile Richards, President of Planned Parenthood Federation of America, 12/26/16, USA Today, p. 3B)

How are we to continue offering mothers an alternative to abortion on Planned Parenthood’s doorstep without any money in our war chest? As you know, we offer these despairing mothers help with any financial, legal, medical, employment, or domestic violence issue that is forcing them to have an abortion. Do we just let them only hear the lies of Planned Parenthood instead? How do we fight against this evil giant who has government funds as well as well-heeled donors? Will proliferators permit this abomination of 26+ murders per week and leave us without the resources to fight back? Or will you answer God’s call and help us shut down this evil as we did before.

When we previously responded to God’s call, just four years ago – to build The Life Center/Chapel of Divine Mercy and organize the ministries under one roof to convert the culture of death, and shut down Dr. Klopfer’s abortion business – God rewarded our faithfulness. For the first time in over 40 years, the greater Michiana area and beyond is abortion free (including the closure

of several other abortuaries along the I-90 corridor that were conducting over 3,000 abortions a year), Dr. Klopfer, operating three abortuaries, lost his license (and note that we talk with Mr. Klopfer daily at The Life Center), and there were 102 saves on Dr. Klopfer's doorstep (and some of them we are still assisting). Please visit our website www.DivineMercyForLife.net to read about all the incredible ways that the Lord used us to bring an end to this holocaust, and how we have continued to combat the culture of death through our evangelization initiatives. And check out our hour-long feature on EWTN, which is also on the website.

If there is any hesitation in supporting us at this point, please check out the enclosed recent newsletter of our current activities, the Bishop's recent letter in support of us, and assess our body of work by going to the website, www.DivineMercyForLife.net, and reviewing how the Lord used us to shutdown Dr. Klopfer's operations and simultaneously save 102 mothers and children from abortion. Lastly, you need to know that we are 100% volunteers. Donating to us means your donation is used directly for our programs, evangelization initiatives, and helping mothers and families.

We cannot do it without you. Indeed, without you we will be forced to turn off the lights and permit the culture of death to over-run us. Please respond to this letter whether you can donate or not to let us know you are interested in our work. If you have any questions about any of this, call or text me at (574) 286-7860 or email me at sullyatlaw@sbcglobal.net.

Yours in Christ,

Shawn F. Sullivan on behalf of the Apostolate of Divine Mercy/The Life Center
