RAVEN – OCTOBER 21, 2011

Raven is a very beautiful, athletic and talented solid 73 pound female. She is extremely intelligent, having the drive and desires to be a good hunt and field test competitor and hunting dog. At 10 months old, Raven earned her Junior Hunt test and Working Class title completing all requirements in two weekends. She is eager to work and train hunting geese and pheasant at 1 year working the field as a natural. She has earned 12 consecutive Junior Hunt test ribbons. She earned her Senior Title at 22 months old and is currently working towards her Master title.

Raven comes from Owasco Valley Retriever's dam, Adoration's Second Chance SH, WCX and Sire FC A Shadow of Abe. The combination of the blood lines have resulted in multiple dogs from the same litter that have excelled as both waterfowl and upland bird hunters.

Chuck and his wife, Lorri, continue to educate my wife, Linda, and I maintaining an interest and friendship you do not find with most breeders. If you're looking for a respectable dog, Owasco Valley Retrievers is the place to go!!!
