### Note from WSMLA President

August 3, 2009

Where has the summer gone already! My own set of activities includes a couple shoots/rendezvous and before I knew it July was gone. For the first time I spent about seven days at Greyrocks and the National Western Rendezvous where I got reacquainted with old friends and made new ones along the way. A number of our state board members were in attendance also, helping in various capacities to make that a success. I'm hoping some will contribute pictures. It was very interesting seeing everyone dressed in pre 1840 garb and having the availability of buying items from traders all over the country. Some of the same traders will also be at Ft. Bridger for the Labor Day weekend, just in case someone missed a chance on something special. Then the Sierra Madre Muzzle Loader's put on their usual damn good event. Especially good was the attention given to the kids' events, not only shooting but fire making with flint and steel where they not only had to make the fire but burn a string and do it before anyone else. And just to mention another: the sawdust pit where Ed Kennady had placed some \$175 in coin and 20 pounds of beads for the youngsters to find. I didn't shoot as I was also an officer there and helped with registration. I have to thank everyone there for making it one of the popular rendezvous and shoots in this part of the state. Then yesterday went to Rawlins for another shoot; this time a black powder cartridge match with everyone shooting 700, 800, 900, and 1000 yards. For once the wind wasn't that bad. I didn't place last but could see it from there. Our own Bryan Youngberg won the event and it was made known that he also qualified to represent the USA in the upcoming World Match. I understand he qualified in Raton, N.M. He has been shooting in these long range events for some time now and getting better all the time. He deserves our admiration.

Thank you for bearing with me on this way too long note.

Charlie Romaine

## News from the Editor

I agree with Charlie Romaine that the summer is getting away quickly. I have a bunch of projects I am trying to get a handle on before the snow starts flying.

A few of us from the Big Horn Basin Muzzleloaders made an appearance at the WSMLA state shoot at Glenrock. Deer Creek Muzzleloaders hosted this fine event. State Shoot numbers seemed to be down, how ever scores seemed as high as ever. I seemed to have a real problem with choking on the 5<sup>th</sup> shot. The really really small squirrel gun target kicked my butt several times. I am still shaking my head on the 5<sup>th</sup> shot☹. The 200 yard target always kicks my butt. I blame it on the lack of wind. The weather during the day was perfect. Rain a couple of evenings. The worst was during the meal, it turned into a downpour. I cannot shoot worth a darn so maybe next time I will take my golf clubs and golf with the locals on the Muzzleloading range. Then I would have an excuse for wandering around looking lost☹. Thank you to the Deer Creek Muzzleloaders for hosting a great state shoot.

This is a thin newsletter as I have only received a few shooting results. If you have attended some shooting events please write something up and forward to me. If you have pictures please forward them to me. I cannot share the news with the WSMLA membership if someone doesn't first take the time to write it up and forward to me. I know that more than 1 or 2 people attended some of the recent events. Please take the time and write something up and share.

The Big Horn Basin Muzzleloaders are working on planning for another primitive shoot at Brewster's Ranch at Ten Sleep, WY. All of the back boards have been replaced. Everything has been mowed. We are planning on a few more sadistic targets. Willy is working on adding hydraulics to his bucking horse for the event. (Just kidding Willy).

We were able to make it out of town to attend a few weddings this summer in Livingston, Montana and Laramie, Wyoming. My son Charlie will start college in Laramie on August 20<sup>th</sup> and my daughter will be a junior at UNC in Greeley, CO. Kathi and I will be empty nesters. I plan on moving and leaving no forwarding address.

### Side Notes:

The Big Horn Basin Muzzleloaders are planning to start working on replacing the bridge over the Nowood. We have found someone to drill the holes for the bridge pilings. Current plan is to drill and cement the holes on August 15, 2009. If you are interested in helping with this project please contact Tom Brewster at 307-366-2391. The BHBML and Brewster would welcome all the help we can get on this project. We may come up with some shooting events or a meal after the work is done.

WSMLA now has T-shirts and hats available with the WSMLA logo. They will be for sale at all state shoot events. T-shirts are \$7.00 and hats are \$10.00. Other clothing items can also be ordered and embroidered. You may contact Paula Sorter 1448 W. 29<sup>th</sup> Street, Casper, WY 82604, 307-333-2709 [dpsorter@bresnan.net](mailto:dpsorter@bresnan.net) about the caps and t-shirts. Charlie Romaine is sporting a hat in the picture posted above.

### Letter to the Editor

I want to say I would feel safer going to the range with a bunch of kid's, than I do you old grey beard's. They have had gun safety preached to them every time they picked up a muzzleloader their whole life. From the happening's I've witnessed this summer at different shoots around the State, I think all the adults need a refresher course in gun and range safety.

As things are going now, one of these day, you're going to look down range and see one of your buddies layin' down there DEAD and I know you are going to feel real sorry, but he will still be DEAD. What a way to have a wakeup call, RIGHT!!!! Your Friend

## *COPPER LADIES MEALS*

### **Goulash**

### **Sautéed Veges**

### **Spotted Dog**

One great way to use left over potatoes and meat from roasting venison, antelope or elk, is to make **Goulash**. This can be as elaborate or as simple as your prefer. Pull the meat from the bones and set aside.

Pour a little oil in your skillet to fry out a handful of sliced onions and potatoes. Add the meat, along with a can of tomato sauce or soup, or a package of dehydrated vegetables. Add as much water as needed to make a stew or sauce mixture.

As a companion dish, **sauté fresh vegetables**. Cut into good eatin' size any or all of the following veges: onion, carrots, green beans, peas, zucchini, yellow squash, etc. Pour a small amount in another pan or frying pan, and start with the onions. When they turn transparent, add the other vegetables and a small amount of water. Cover and (over a lower fire) allow the vegetables to sauté until tender.

A good way to end the meal is with a serving of **Spotted Dog** (Thanks to The Book of Buckskinning III).

6 slices Stale dry bread

2 Cups Milk

½ lb Brown sugar

1 tsp Nutmeg

½ lb butter

4 Eggs

1 Cup Raisins

2 TBSP Cinnamon

1 small Onion, chopped

2 Apples, chopped

Break bread into bite-sized pieces. Beat eggs well and mix with milk. Add raisins, sugar, and apples. Mix well. Add onion and spices. Melt butter in two cups of water, mix with bread pieces and add all to milk mixture. Pour into well greased Dutch Oven and bake until solid, about one hour.

Optional: Add shredded cheddar cheese. Add one-half cup brand or rum. Or omit onion.

## 2009 Bench Shoot

### From Sheridan Bull shooters

It was a hot and WINDY week-end; memories of Casper bench shoots. Anyhow, 18 of us gathered at the range on Saturday-some new faces for the home club; and some old, 4 out-of-towners. It was a wild day; wind gusting as though we were over on the Nowood. Damn tarp got a grommet ripped out and a tear down the side-ended the shade. Let's see-Ned and Jeannie put together a pot of beans over a little camp stove-the alcohol burned off. I swear it did.

Sunday we had fewer of the Saturday crowd, however Steve brought his two boys so we had a couple of Jr. Shooters. They shot the same obnoxious yardages and targets the rest of us did.

Their young legs were getting rather flagged after the 150 yd. hike and the 200 yd sprint. Who says we don't offer a challenge?

Doreen "manned" the scoring-the entire event was re-entry. Did I not mention that we did some changing up this year?

Okay, 4 target aggregate; 50 yd.100 yd.150 yd and the 200 down the draw and around the corner. So you got your hike in on the 150 yd (it was up the hill) and a trail walk to the 200. And it was bloody hot.

However, aiming to please, we just kept gunning, and gunning. You could keep your original scores OR get another target for whatever yardage and, YUP the original score was no longer. There were people thought they could best the windy scores of Saturday in the breezes of Sunday. That's what you get for thinking.

We did offer 2 smooth-bore targets at 50 and 100.And the pistol at 25 and 50.

Entertainment (of a sort) was the long range spectator sport of a grass fire that the county fire fighters not only contained but put out in very good fashion on a very hot and windy Sunday afternoon. We applaud the guys and are very thankful; not to mention mindful of the fact that we had discussed fire prevention and had two tanks of water on site.

There were results-some people got medals, some got beans and the brownies that the newly-wed Aaron May's wife cooked up. Everyone took away something.
