Please indicate EXACT dates and amount of money that will be paid. You cannot be vague. If necessary you can break a large sum of money into multiple payments over time but every single payment must be made with the designated amount of money and date indicated by you on this form. If possible you may pay off the extension early. The dates and amounts must be adhered to in order to continue participating in the program. Payments must be complete before the first day of school. Please see example below:

\$350 will be paid on June 1, 2013

Please note that this is binding and that payments must be made according to the extension which you turn in. Only one extension can be made per original due date. Please make sure that you choose dates and amounts that you can adhere to as there will be no exceptions. Communication is key. Please remember that this form is due two days PRIOR to the original due date. Forms available in dance studio.
