

Green for use as grass—3" x 12 1/2"

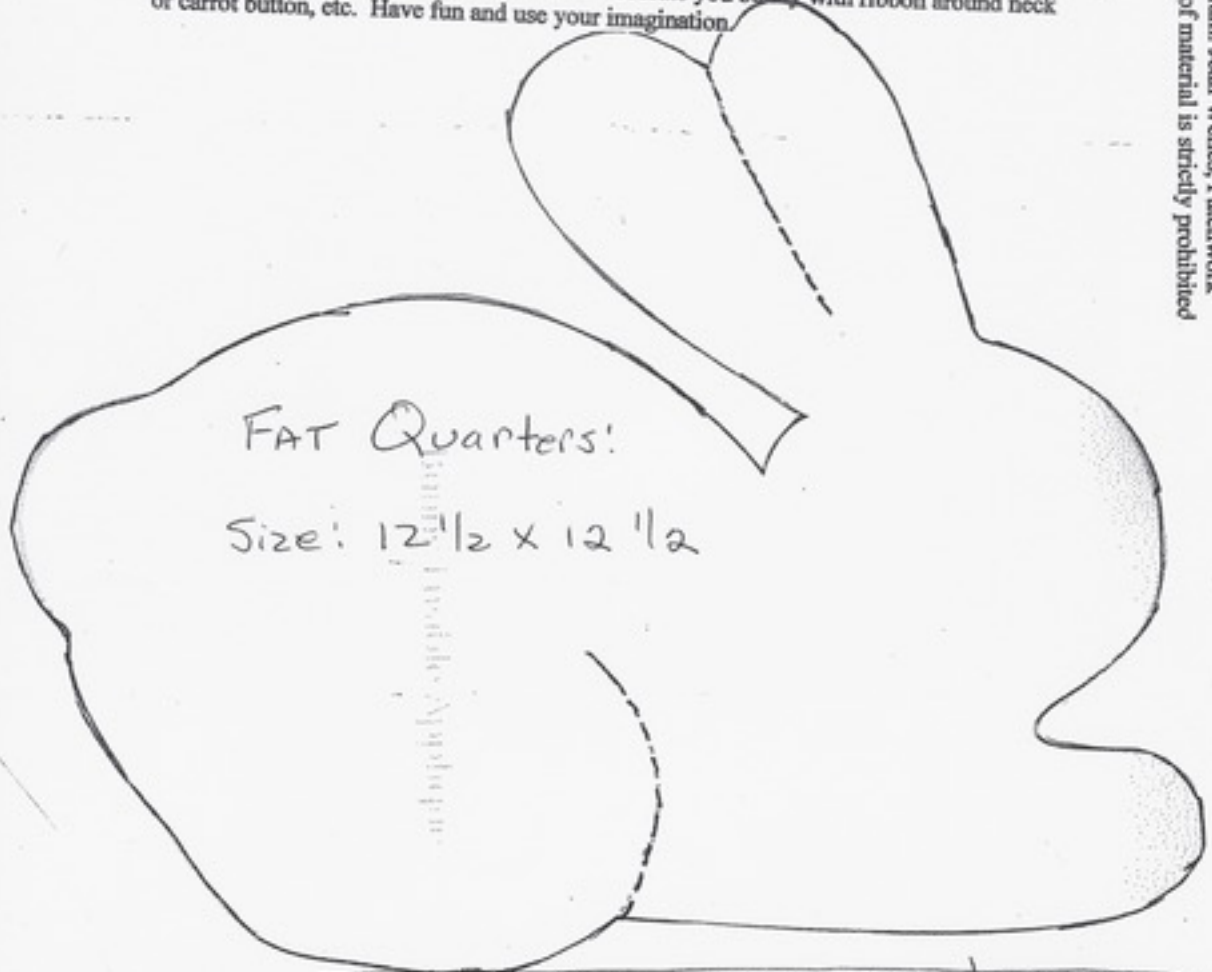

march

Colors:

Tan, Cream, Golden Yellow, Brown, or Opaque white such as white on white 7 1/2" x 9"
Small print would be okay. Make sure when you place fabric on top of background that you can not see background through it.
Some type of fusible material such as Wonder Under.

Assembly: Stitch grass to background 1/4" seam. Press. Trace bunny pattern onto the paper backed side of the fusible web. Cut out the bunny shape about 1/4" beyond the marked line. Lay the appliqué fabric right side down on the ironing board. Place the bunny cutout, web side down, on the fabric. Fuse in place, following the manufacturer's instructions. For easier handling, rough-cut the shape. Then cut out the bunny appliqué on the marked line. Peel off the paper backing. Lay the background fabric right side up. Position the appliqué right side up on top of the grass and fuse in place. Hand buttonhole or machine appliqué around the bunny using color thread close to bunny. Define the ears and hind legs by using a hand or machine straight stitch. Trim block to 12 1/2" X 12 1/2". It will be 12" finished.

Sew small button or appliqué eye. You can decorate you bunny with ribbon around neck or carrot button, etc. Have fun and use your imagination.

FAT Quarters!
Size: 12 1/2 x 12 1/2
