President's Letter:

Members,

Another National Specialty has come and gone. I would like to thank the Show Committee for putting together such a wonderful show. From what I have been told and what I personally experienced everything went beautifully. We had some very nice dogs participate this year and it seems like each year they become better and better. Congratulations go out to each and every one that participated and hope to see you next year in Reno.

This year our Field Trial Committee put together their first Instinct Text. For those of you who could not make it to the site we have videos on our website. Look under Board & Committees, scroll down to Field Trial Committee and you can see the videos. I know that the Field Trial committee would like to hear your comments and suggestions so drop them a line and let them know what you think. We also have our Pedigree Program up on the website. I know Bud has written a little something regarding how to enter your dogs in the program. Look for his message in the PIP. If you have any questions, please email him and he will be happy to help you out.

We are still looking for volunteers for the Meet the Breed in Orlando this December. If you plan on attending this show, please volunteer to man the booth for an hour or so. Remember the booth will not be open during the times the Pequenos are judged and if you are showing another breed we will work with you around your show schedule. Last year we did not have enough volunteers to man the booth and had to cancel our participation, please do not let this happen again this year. Let's show the world what these wonderful little dogs are all about! You can contact me, and I will work with you and your schedule. We need to hear from you by October 24th .

The Board is looking for someone to volunteer for the 2020 National Specialty Chair. If you would like to see the Specialty in your area we urge you to go to the PPPA Website, fill out the application form and submit it to the Board as soon as possible. In closing I would like to say, give your dog/dogs a hug and remember we all go home at the end of the day with the BEST DOG!

Sincerely,
Rose Hidlay
President

2018 PPP National Auction and Raffle Reports

AUCTION

I just want to thank everyone who helped make the 2018 National Annual Dinner Auction a huge success. I hope everyone went home with a treasure! Together we raised \$1,200 for the club!

Donating items, bidding, and winning, we all made it happen! Thanks!
Keep your eyes open for dog/Podengo items throughout the year, 2019 Nationals will be here sooner than you think!

Lynne Spencer

RAFFLE

I had the pleasure of organizing our first ringside raffle table for the 2018 PPP National. It was great fun and not a lot of work! I am thrilled with the response from our members. We had so many terrific items that we had people chomping at the bit to purchase their tickets. I was remiss in not taking pictures of our two tables of items though.

Many people bought tickets from other breeds exhibitors, which was a goal we also had. We brought in \$505.00 !!

Thank to Debby Adams for her help and to all the members for their support. Let's keep up the good participation and help our club reach their goals!

Respectfully,
Sarah McCollum

Versatility Committee:

From Charlene Wiglesworth...

Join me in a round of applause for:

- **TANK** -Masters (note: the first pequeno to achieve this level of versatility!)
- **DIXON** -Novice
- **HURRY** -Novice
- **LAERIS** -Novice

Fun fact: Dixon and Hurry are litter-mates and Tank is their half brother!

It is possible that some applications were lost in the transition of leadership in the versatility committee. If you applied for a versatility award and did not receive it please re-apply to Charlene Wiglesworth! We sincerely apologize to anyone who's application was lost. The current form with Charlene's address is on our website. www.

Field Trial Committee Report

Reflections on the Natural Skills Test Demonstration

The Field Trial Committee held a Natural Skills Test Demonstration at Purina Farms on September 15, 2018.

Purina Farms did a great job setting up snow fencing and a secure gate in a shady area, set between two stands of trees.

We had 9 dogs...1 Smooth and 8 wire. The enclosure had two pallets with brush and straw; each had a wire cage hidden with a live rabbit in one. Wild rabbit scent was spread around each pallet.

We had two judges with clipboards that made notes on:

- *Sociability
- *Search Test *Olfact Test
- *Predatory drive

Once the judges saw that a dog wasn't searching, using his scenting ability and exhibiting prey drive, the Judges told the owners to help direct the dog to the pallet where the rabbit was hidden. If this had been a Portuguese TAN, none of the dogs would have had a Pass. There were 3 dogs that exhibited some of the searching and using their scenting to approach the pallet where the rabbit was located. Our Judges were lenient and gave those dogs a Pass.

The videos that Bud Hidlay kindly took for us and put up on the PPPA website were sent to Nuno Ferro. Nuno's response was expected. He gave some helpful suggestions on what an ideal setup would be: more vegetation, slightly larger and a fixed permanent fence. He also suggested that the Judges be on opposite sides of the enclosure.

He was disappointed that these Podengos didn't exhibit much hunting ability and prey drive. Actually those of us there from the Committee: Kim Ragsdale, Harriet Haydon, Karen Sage and myself (Sandy Gillen) were disappointed as well. Karen noted that the dogs looked unsure about what they were supposed to do and looked back at their owners for directions.

The Judges told the owners to use the time in the enclosure as a training moment to direct them to where the rabbit was and encourage their dogs to go after the rabbit. We had a very laid back domestic rabbit. The dogs were curious, but not a lot of prey drive.

Those of us on the Committee have been discussing the dog's behaviors.

THOUGHTS

*Our dogs haven't had the kind of exposure from a very young age to go with an older Pequeno that hunts.

*Our dogs are mostly pets that live with us in our homes.

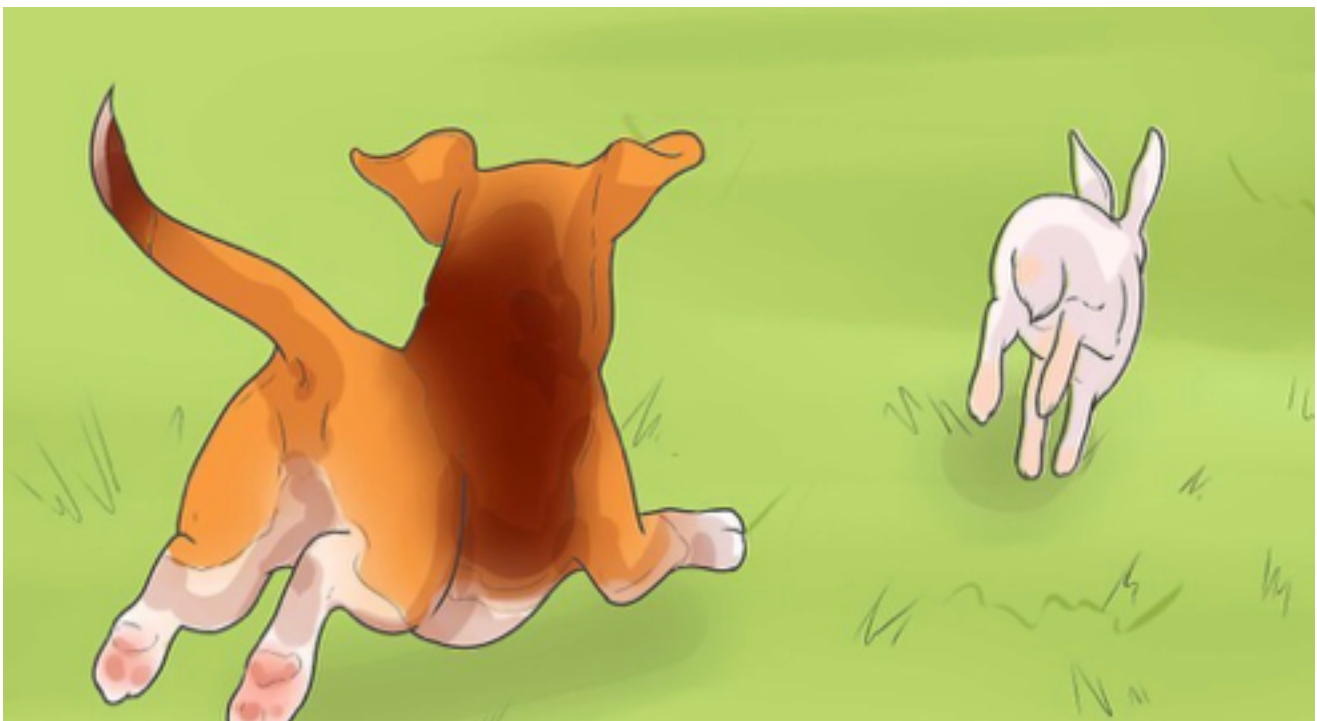

*We train our Pequenos to look to us for directions.

*Our dogs may be from lines that are bred strictly for showing in Conformation.

I am continuing my many conversations with Nuno Ferro. He has been very encouraging and doesn't want us to get discouraged...as he said that "no one gets it right the first time"

I am not! I know how I work with my Border Terrier puppies to get that light bulb to turn on to rats and be willing to go down dark underground tunnels with many turns and obstructions to reach a rat in a cage.

I am coming up with ideas... Sandy Gillen

Pedigree Database Report October - 2018:

Welcome to the PPPA Pedigree Database

The PPPA Pedigree Database is available for any PPPA Member in good standing.

Just a few things:

1. As stated above you must be a member of the PPPA and in good standing
2. You may only enter dogs you are a owner of and any dog you have the owner's permission to enter for breeding purposes. (The latter does not need to be a member).
3. You will first have to register as an User and then may enter dogs.
4. When entering dogs, please limit the entry to two dogs.
5. You will need a Login even if you wish to "Look around".
6. The following 4 pages show the Login Request and Dog Entry procedure.

Respectfully submitted, Robert "Bud" Hidlay
