## CLIENT PARTNERSHIPS

**We are committed to providing excellent service solutions while building long-term client partnerships.**

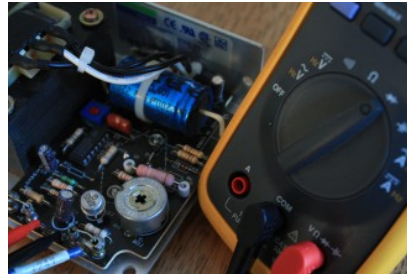

Here at Atlanta Industrial Services Group, we have developed a reputation for being able to deliver top-notch service at any level, anywhere in the US. We have developed a nationwide network of associates that provide the best service solutions in the industry. By joining Atlanta Industrial Services Group, your company can count on a partner that can utilize the power of Industrial Service to maximize the return on your product investment.

## ELECTRONICS REPAIR

Need equipment repair? Our bench techs have a great deal of component level troubleshooting and repair experience and will get your items repaired and back to you quickly.

## ENGINEERING SOLUTIONS

Our diverse team of engineers is capable of delivering top notch, innovative solutions at any time. Whether it's design, integration or programming, we will help you turn your concept into completion.

## PREVENTIVE MAINTENANCE

We provide reliable preventive maintenance on most industrial equipment. Our goal is to identify potential problems and recommend solutions before costly failures occur.
