Alumna Career Speaker Introduces Students to Hospitality Industry

Posted 04/03/2012

10:10AM

On Thursday Betsy Baldwin '01, Revenue Manager with the Wyndham Hotel Group, returned to her alma mater to participate in our Career Speaker series. Ms. Baldwin introduced the students to the many facets of the hospitality industry, giving advice about how to find a career and advance in the industry. Baldwin related her own personal experiences as she rose in hotel management for the past twelve years, citing her internship her junior year at Purnell as the catalyst to her career path. Baldwin enthusiastically answered many questions and offered her time and energy to any Purnell student interested in learning more or finding an internship in the hospitality industry. It's always so great to have Purnell alumnae return to campus as role models sharing their success stories.
