Thank You

This past year we have experienced a tremendous amount of joy, much of which can be attributed to you, our customers.

Watching our baby Vida grow and change into a little girl this year has been amazing. The only thing that makes it better is being able to share her with many of you. She's been showered with gifts and compliments, and we are so grateful to all of you.

We're doing our best to see that she meets anyone who'd like to say hello. After all, we'd love for her to know her customers...since she'll be working out front just as soon as she masters walking!

Best wishes to you all, thank you for your business & have a happy and safe beginning to 2017. We look forward to seeing you in February!
