

2020 NEVADA SPEEDWAY GENERAL RULES

These rules are in effect as of 2020. This publication supersedes all previous NEVADA SPEEDWAY Compliance rules and rule updates and is subject to change as needed. Conduct: Racers and Race Team Members at the NEVADA SPEEDWAY will maintain an appropriate and professional personal code of conduct at all times. Actions on or off the track deemed by officials to be detrimental to the sport or speedway will be dealt with severely. Consequences for fighting, cheating or other actions deemed inappropriate may include: fines, probation, suspension, deduction of points or any combination of the above. NEVADA SPEEDWAY reserves the right to alter or amend the rules and regulations in the interest of safety, cost control, and/or fair competition. It is the responsibility of each competitor to read and understand the contents of these rules. If there is a disagreement or dispute regarding the meaning or application of these rules, the decision of the NEVADA SPEEDWAY Race Director shall prevail. No expressed or implied warranty of safety shall result from publications of or compliance with these rules and/or regulations. The rules and/or regulations set forth herein are designed to provide for the orderly conduct of NEVADA SPEEDWAY racing events and to establish minimum acceptable requirements for such events. These rules shall govern the condition of all events, and by participating in these events, all participants are deemed to have complied with these rules. No pretense is made for having designed a foolproof set of rules and regulations. The spirit and intent of the rules is the standard by which NEVADA SPEEDWAY events will be governed. The NEVADA SPEEDWAY Race Director is authorized to decide if an equipment change or modification is an attempt to circumvent these rules. The NEVADA SPEEDWAY Race Director can and will disqualify a racecar in violation of the spirit and intent of these rules. If this rulebook does not specifically state that you can alter, change, or otherwise modify

something on your car, you should consider it a violation of these rules. No part is deemed to have been approved by NEVADA SPEEDWAY by passing through prior technical inspections. The Race Director shall be empowered to permit reasonable and appropriate deviation from any of the specifications herein or impose any further restrictions that in his opinion do not alter the minimum acceptable requirements. No expressed or implied warranty of safety shall result from such alteration of specifications. Any interpretation or deviation of these rules is left to the discretion of the Race Director. His/her decision is final. These rules are intended as a guide for the conduct of the sport and are in no way a guarantee against injury or death to a participant, spectator or official. All participants, guest and crew members fully understand that racing is inherently dangerous and that they are exposed to risks of death or serious bodily injury. The participants, guest and crew members voluntarily assume these risks.

PLEASE READ AND UNDERSTAND THESE RULES IN THEIR ENTIRETY. IF YOU HAVE ANY QUESTIONS ASK NOW, NOT AFTER AN INCIDENT HAS OCCURRED.

SAFETY:

Driver must wear required helmet, fire suit and five-point safety harness gloves and shoes whenever the racecar is on the racetrack. This includes during warm ups, hot laps, and races.

Helmets: Helmets are mandatory and must be certified SA2015, SA2020 or SA2025. Helmet must accompany driver and racecar at time of inspection. ABSOLUTELY NO MOTORCYCLE HELMETS ALLOWED.

Window Nets: Full size window net mounted in the left side driver's window opening is required. Window net mounts are required to be securely welded or bolted to the inside of the main roll cage on top. Gloves and Shoes and Firesuits Complete one-or two-piece fire suits of a flame-retardant nature are mandatory. Firesuit needs to be at least SFI 3.2A/1 rating. No holes or tears in fire suit. Fire-resistant socks are recommended.

Racing shoes: racing shoes need to be SFI 3.3/5 rating Gloves need to be at least a SFI 3.3/1 rating. NO MECHANIC OR ANY OTHER TYPE OF GLOVES.

Master Disconnect Switch All cars must have a master shut-off switch located with easy access by the safety crew.

Seatbelts: Five-point restraint system (safety belts, sub-belt and shoulder harness) is required. Shoulder harness must be mounted to main cage and not the tail section of the car. Belts need to be SFI certified. Driver restraint system can not be used if it is two (2) years past the date of manufacture. All weights must be secured with at least two ½ inch bolts if it is over 25 pounds, less than 25 pounds needs one bolt per piece of lead. Weights must be painted white and have the car number on them.

Drive shafts need to be painted white and have the car number on them. Tow Loops

All cars are to have tow/pickup loops on both front and rear bumper. Track will not be responsible for any damage to any car that has to be lifted by wrecker to remove them from racing surface of loading of damaged cars onto trailers. Car Numbers All cars are to be numbered on each door and top in contrasting color of car. A maximum of 3 numbers and letters are allowed. Numbers must be legible to the score tower. Any combination of numbers and letters that are deemed offensive by the management will not be allowed. All cars need to have number on rear of car, at least five inches.

All cars must pass a safety technical inspection before being allowed to compete in any race. Track officials reserve the right to inspect any car at any time for any reason of safety violations. Track officials reserve the right to disqualify any driver or car from competition.

All drivers and/or crew will be responsible to tear down their car for inspection when requested by a track official. Failure to comply will result in disqualification and forfeiture of prize money and points for that night.

No intentional draining of oil, water, anti-freeze, and or gear greased on the speedway property. Waste items must be placed in receptacles provided at the track or taken off premises with you. Old tires must also be removed from the premises.

Tech barn: Driver and one assistant only inside of tech barn. Must be signed in with said driver and a pit pass armband must be present. Winner of race can have pictures taken with family and friends, but they must stay outside during tech process. Any driver or crew member placing fifth (5th) on back that approaches the tech area will be disqualified for the event.

AGE REQUIREMENTS: You must be at least 14 years of age to compete in any racing events held at the speedway. All drivers must have a valid driver's license (or a release from the management) to participate in any racing event. Persons under 18 years of age are required to have written permission signed by parent or legal guardian before they are allowed in the pit area. They must also complete and sign a membership agreement before entering the pit area.

SIGN IN RULES: All cars must be registered in the class, which they are participating. Pit pass for car and driver is \$35.00 (Special event prices may vary). All drivers must sign in at the pit gate office before 6:30 PM. Only the driver or owner may sign the car in. It is the driver/owner responsible to keep all information current. No driver or crew member will be allowed to enter the pit area until they have signed all releases at the pit office. No one will be allowed to sign any release for anyone else for any reason. The driver who signs in must drive in the heat and the feature, no substitutions allowed. The Driver's Pit Pass is your entry Fee. If you race more than one car per night in more than one class, the driver will be required to purchase (1) Driver Pit Pass per car. Any driver not signed in by 6:30pm will automatically start tailback in their heat race and will not receive any passing points, resulting in starting in the back of the feature event. Also any driver who requests to start tailback in their heat race will not receive any passing

points, resulting in starting in the back of the feature event. The only points awarded in the heat races are the passing points, the only points that are received for track points is the feature race.

DRIVER RESPONSIBILITY:

Drivers shall be responsible for the conduct and actions of the entire pit crew. The driver shall be the sole spokesperson for car owner. No one other than the driver will be allowed to take part in any arbitration with officials on any matter. Any violation will result in disqualification and loss of all points for the night and possible suspension. The decision of the track officials is final. No exceptions. Unsportsmanlike conduct and/or verbal assault may result in suspension. Any driver, crew member, owner or associate of a race team that uses profane language or gestures of profanity to any track

official will be disqualified for the night, loss of points, and suspended from race facility for a period to be determined by the track officials. No exception for anyone. Absolutely no fighting allowed on or around track premises. Legal action may be taken. There will be an automatic 2-week suspension for any one who physically or verbally abuses any driver, crewmember, track official or race fan. Absolutely no driver, crewmember or anyone associated with your race team is allowed to enter into another race team's pit area to engage in a verbal or physical dispute. Penalty is 2 weeks suspension and loss of all season points and winnings for the night. The driver and all involved are subject to this penalty and suspension. Rough driving may, at the discretion of the track officials, result in suspension based on the severity of the incident. Any driver intentionally using his/her vehicle in a malicious manner will result in a minimum two-week suspension at the discretion of the officials

All drivers, owners, mechanic's or pit crew assume full responsibility for any and all injuries sustained including death or property damage during anytime they are on the track premises or in route to and from the track facility. All disputes developing as a result of track rules must be settled at the track. The decisions of the track officials are final with out exception. DECALS: There are certain decals that must be carried on the car in order to earn both points towards the Season Ending Championship Payout and Prize Money. The track is aware of, and, has no wish to cause conflicts between drivers, teams and your sponsors. However, it must be realized that the class sponsors are Major Contributors of the Season Ending Points Fund. These Decals must be present on the car for consideration for Season Ending Championship Points Fund. These decals must be positioned on the car sides. Decals will be available in the pit sign in office.

TIRES: No tire softeners, no conditioners, no altering of tires with any natural or unnatural, no hazardous or un- hazardous components or chemicals which alter the factory set baseline-settings of a given tire.

RACING RULES:

Drivers meeting: Drivers Meeting will take place at 6:45pm next to the pit concession building near the pit grandstands. It shall be the responsibility of all drivers to attend the drivers meeting. Any rule, format, or schedule change will be discussed at the drivers meeting. All drivers will be responsible for information discussed at the drivers meeting.

Posted information: All pertinent information such as hot lap order, race order, and race lineups will be posted at the lineup board.

Original starts: Original starts will be made on the front stretch just off of turn four. An orange cone will be placed at the edge of the track or white line will be drawn in the location where drivers will be allowed to start the race. The flagman will display the green flag and turn on the green light at that time. If the officials determine that the start was unfair, or “jumped”, the yellow light will be turned on, and the yellow flag will be displayed. Drivers may be penalized for attempting to gain an unfair advantage on

a start by “jumping” or “brake checking”. Penalties may include lost positions, restarts from the rear, or disqualification from the race through a black flag. Any driver involved in a caution, or deemed to have caused a caution on an original start, will restart from the rear of the field. No exceptions.

Re-starts Re-starts will occur on the front stretch just off of turn four. The orange cone will be placed at the edge of the track or a white line will be drawn in the location where drivers will be allowed to restart the race. The flagman will turn on the green light, and the green flag will be displayed. As in an original start, if the officials determine the start was un-fair then the same procedures will be followed as in the original start, and the same penalties will apply. Any driver involved in the caution, or deemed to have caused the caution will restart from the rear of the field. No exceptions.

Double file re-starts

Standard restart procedures will be double-file, with the exception of the leader. The leader will start out front by him/herself. Second place will choose to occupy the inside, or outside lane, then hold his position until the race re-starts. The remaining lead-lap cars will align as accordingly. All remaining lead lap cars will be aligned in that order. All lapped cars will be aligned behind the lead lap cars. All feature restarts with five or less laps remaining will be single file restarts

Single file re-starts Track officials in case of extreme track conditions can revert to single file restarts. Once the track is deemed un-safe for double-file restarts, track officials will signal the drivers to remain in single file. Two attempts will be made to restart in the double file configuration and if track officials at that time deem the track conditions not to be safe and fair for competition, the call for single file restarts will be made. **GENERAL SCOPE OF RULES AND PENALTIES:**

If you stop on the track to AVOID a wreck, it will NOT count against you and you will not be sent to the back. Only the driver who brings out the caution will be sent to the back.

Any car causing two yellow flags to be thrown in the same race will be sent to the pits. No car will be allowed to return to the track in the heat race once it enters the pits. During the feature it is allowed once at a time to be determined by the track officials. Any driver exiting his car on the race track during a race for any reason is automatically disqualified from the race and all winnings and points will be lost. (Exception: if a track official directs you to exit or you are in

immediate danger for your life or serious injury or red flagged condition). Drivers are not allowed to exit their car on the racing track or apron to dispute or discuss any race situation. Violation of this is automatic disqualification from the event with loss of all points and prize winnings during the feature. Any other time will result in disqualification for the night or balance of events with no pay or refunds. If a driver refuses a technical inspection after a race the car/driver will be disqualified and no points or pay will be awarded for night. Technical inspections are to be done at the track only. No exceptions for any reason. (This includes tear downs) Any driver, or any person connected to his car caught in the possession of illegal drugs or substances that are deemed illegal under Missouri law, or under the influence of alcohol, will be suspended from the track for an indefinite period of time to be determined by track management.

Officials and management will resolve any disagreement over technical questions or operations. When their decisions are rendered, such decision is final and binding.

Management will decide the length and time limit on all racing events. Management will act upon any situation not specifically covered by these rules and procedures set forth herein and management reserves the right to make changes, additions and/or deletion of these rules deemed necessary to allow for a more competitive program for racers and spectators. Flags Green: Start of all races, clear track, and race for position. Yellow: Slow down, there is an obstruction on the track, do not try to better your position, laps do not count. (Do not drive side by side; you will be aligned again per score tower. Failure to do so will result in you going to the rear on

restart). Red: Come to a complete stop as quickly and safely as possible. Once stopped do not move your car until directed to by track official. Black: Disqualification flag. Return to your pit immediately. You are disqualified from this event. White: One lap to go. Blue/yellow: Faster car approaching. Hold your line. You will be instructed which direction to move (high or low) by the flagman. Checkered: The race is complete. Exit the track as quickly and safely as possible. No parade laps, unless directed by official.

ATV/GOLF CART/PIT BIKE RULES: May only carry as many passengers as there are seats. NO passengers on racks, handlebars, etc. NO standing on the back or side of vehicle. Must be Licensed Driver, 16 years or older. Maximum Speed is 7mph, speed of a moderate to fast walk. Failure to comply with these rules can and will result in loss of privilege to operate these vehicles on NEVADA SPEEDWAY property. There are children in the pit area, please be cautious!

PIT AND MISCELLANEOUS RULES: No drinking of alcohol allowed in pits at any time before or during the races. No glass containers of any nature allowed. All vehicles and trailers are subject to search by track security at any time. Illegal parts, discovered during technical inspection, may be retained by track. Track pit speed limit is maximum 7 mph. No exceptions. Speeding in the pit area can be cause for disqualification and loss of points and money for that event.

No pit crewmembers allowed on the track or staging lane to work on car for any reason. Repairs may be made in the "Hot Pit Area" off turn two. You will be allowed to return to the racing

surface at the track official's discretion. In case of rain out after heat race the features will be run over the following weeks as determined by management. All special classes not covered by these rules will be run according to their own established rules or will be governed by rules established at a later date. These rules are designed to make the races safer for you but are in no way to be considered a guarantee of your safety. Other rules may be required later and will be posted in the pit area for your inspection. Report all injuries to the pit office. There is a form that both the individual and promoter must complete. Owner/manager of the speedway reserves the right to modify these rules as they deem necessary for any and all reasons. All changes will be posted at pit office for your review and compliance to them. Special races may have a variance to these rules. Any and all interpretations of these rules are left to the track officials. Decisions of the track officials are final. Repeated violations of speedway rules may result in permanent suspension. The speedway retains the right to refuse entry to any car, driver, or pit crew. Thank you for choosing to participate in the racing program at our speedway. The staff and management are here to assist you so please feel free to ask any questions you may have. Our goal is to present a show that is both fair to all race teams and entertaining to our fans. It is also our intention to move the racing in a timely manner so be ready when your turn comes to race, as we will not delay the race for you.

Thank you for racing with us and good luck to all!
