

Colorado Springs, Colorado is known as the “Evangelical Capital” by those who value that label as well as some who loathe it. Consequently, there have been two significant attacks on ministries there in recent years -- the gunman / hostage incident at Focus on the Family in 1996, and the New Life Church shooting in 2007. Carl Chinn was directly involved in both incidents.

Following the Focus on the Family incident and trial, Chinn began researching and writing about ministry incidents in the U.S. In 2005, Chinn and three other men began to develop an intentional security program at New Life Church. He was not only significantly involved in the pre-incident emergency planning he was a responder on the day of the shooting.

He maintains a website on the subject and speaks at related conferences. His book, “Evil Invades Sanctuary” is available on his website and at Amazon.com.

Chinn will be speaking at the Porterfield Baptist Church located at 39 Hollywood Dr, Little Hocking, OH 45742 on Friday night, July 14th 2017. 7:00 PM to 9:00 PM.

No registration is required. Donations will be accepted at the event.

He will deliver two subjects;

ONE: Shots Fired! This is a tactical overview of the New Life Church shooting detailing what their team did well and even providing lessons learned as they related to things not done right in that 12/09/2007 attack where two teenage sisters died.

TWO: 10 Things. This is a presentation of the ten things every church should do towards having an effective security / safety program. These 10 things are the conclusion of over 20 years of extensive study and action in the field of keeping Christ’s people safe where they worship.

Carl will also be giving his personal testimony at the Homeland Community Church at 2101 Camden Ave, Parkersburg, WV 26101. That service is at 10:30 on Sunday morning, 7/16.
