Air Conditioning & Ventilating Balancing & Testing

AIR BALANCE, WATER BALANCE, SOUND CONTROL, AND SYSTEM ADJUSTMENTS

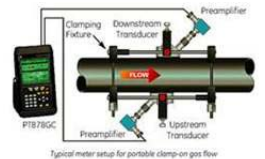

Comfort Control, Inc. was established in 1966 by Robert B. Gawne, one of the Founding Fathers of NEBB (National Environmental Balancing Bureau).

We pride ourselves on accepting and completing difficult and challenging Testing and Balancing projects, as well as, Plan and Specification projects. We do this with our accredited and Certified Professionals and Technicians. At Comfort Control, we are able to think outside the box to help find solutions to ensure Building Mechanical Systems operate as designed and as efficiently as possible. Comfort Control continuously strives towards customer satisfaction through accurate testing and documentation.

Comfort Control, Inc. projects include Government Facilities, Hospitals & Research Institutes, Clean Rooms, Data Centers, Commercial Facilities and Office Buildings as well as Building Commissioning Projects. We also have over 25 years of Overseas Testing and Balancing experience.

We specialize in the Testing and Balancing of Air and Hydronic Systems, Sound Control Testing, Vibration Testing, Indoor Air Quality, DALI, Building System Commissioning and have Certified Fire Life Safety Supervisors and Technicians.
