

## REMANUFACTURED INKJETS

## REMANUFACTURED TONERS

**WE CARRY  
INK AND TONER CARTRIDGES  
WITH ALL MAJOR BRANDS!**

## HELP THE ENVIRONMENT

- Laser printer cartridge can take up to 450 years to decompose in a landfill; components made from industrial grade plastics may take as long as 1000 years.
- Every year in the US, over 300 million cartridges are thrown away.
- Every cartridge puts approximately 2.5 pounds of plastic into a landfill.
- Remanufacturing toner cartridges can save over eleven million (11,000,000) gallons of oil per year.
- Recycling ink and toner cartridges could keep over 120 million tons of waste out of landfills each year.
- Remanufactured cartridges cost up to 50% less than new ones, but provide the same print quality.
- Cartridge Pros boxes are made with recycled post-consumer waste to further reduce environmental impact.

## OUR COMPANY

Cartridge Pros will save you \$\$\$ on inkjet and toner cartridges for all of your office and personal printers and fax machines.

We are dedicated to making **remanufactured cartridges** the business standard by using ground breaking technology.

**WE DO NOT** "drill and fill" or inject cartridges. We completely **remanufacture** all cartridges . . .

## OUR PROCESS

We disassemble an empty original cartridge. Completely clean it out and replace all of the working parts in which there are up to five in a typical laser toner cartridge. We then refill it to the manufacturers specifications and test it on the appropriate printer to assure quality. This technology is certified by the ISO 9001 The International Gold Standard of Quality.

Think Ink . . . Go Pros™

## WHY REMANUFACTURED?

Remanufactured ink and toner cartridges reuse the original shell. This saves it from being deposited into a landfill and saves the need to use petroleum resources to create a new one.

The Bottom Line You Save \$\$\$  
And **Help the Environment!**

## OUR POLICY

Because each cartridge is tested in a printer for quality assurance we guarantee our product 100%. If your not satisfied we will replace it or refund your money.

Our goal is simple - we want to provide the best quality experience for our customers.
