

## DEEDS

The purpose of the DEEDS program is to encourage retirees, their spouses and surviving spouses to volunteer their energies into charitable community activities. To be recognized as a participant in this program, fifty volunteer hours or more are required per participant. The DEEDS program recognizes those that volunteer their time to charitable, social welfare, health, civic, medical, literary, educational and cultural organizations. Service provided to religious or political groups are excluded except to the extent a church program provides charitable services to the community beyond its membership, such as the Society of St. Stephen.

It's that time of the year again when we will report on our DEEDS work for 2016. The Club has been very fortunate in that many members participate in a lot of diverse activities that benefit others. If you have volunteered on an activity during the past year, we want to hear about who you volunteered with and the number of hours devoted to those activities. Many of us work on several different activities, so report on them all so that you, the Club and ExxonMobil can get proper credit for them.

As in the past, there should be a token gift from ExxonMobil to commemorate the volunteer work. So please complete the DEEDS Program coupon below and return it to: EMRCLH, P.O. Box 5822, Kingwood, TX 77325. We need to have these records back **no later than February 13, 2017** in order to meet the ExxonMobil Retiree Affairs deadline.

**If you have any questions, please contact Helen Clark at 281-358-9589.**
