If you or any family members are interested in using the ball machine at any time during the 2018 season, please read, sign & include the next page in your application

Ball Machine Rules and Waiver – 2018

1. All children age 14 and under MUST have an adult on court while using the Ball Machine.
2. Ball Machine is to be used on court 4 only. Do not drag the foot on the court – use the handle to move the Machine into place. Place Machine approximately two feet behind the baseline in the center of the court.
3. The On/Off switch is located on the back panel of the white motor housing.
4. The Dual Purpose Oscillator switch is found on the side of the motor housing.
5. When finished using the Ball Machine, return it to the storage shed and cover it. Loop and hang the extension cord on the wall hook. Recover all balls from the court. Close the shed.
6. Treat the Ball Machine and extension cord gently – we want to invest in the courts and members, not on maintenance or replacement!

IMPORTANT CAUTIONS

Before turning on the power, ensure court is clear and no-one is standing in the line of fire.
Do not look down or stand in front of the shot selector while machine is on.
Only place tennis balls in the machine's bucket to prevent serious damage.
At no time shall anyone walk onto the side of the court that has the machine.

WAIVER STATEMENT

I realize with the use of any ball machine there is the possibility of injury.

Understanding this risk, I agree not to hold the Lake Mohawk Tennis Club liable for any personal injury, damage to, or loss of property suffered to family members or me.

I have read these Rules (with my child/children _____) and agree to follow these Rules. Failure to do so may result in the privilege of use of the ball machine being taken away.
