DESCRIPTION: The Browning Safari was a highly regarded hunting bow with a Brazilian Rosewood riser and a comfortable contoured grip with thumb rest and long sight window. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes; No chips, dings or cracks. No stress lines or crazing. The lower back limb has been refinished to remove some scratches and a scrape near the edge (see pic on last page). This limb was then re-stained and it is a slightly darker brown than the other limbs. A few minor scratches and nicks here and there. Decal is in excellent condition. very good shape. Overall, this is a really nice bow in excellent condition for its age.
