Byes and Forfeits

1. All byes must be paid for unless your particular league does not require it. The reasoning for paying for byes is that all teams pay the same amount. Contact the league office if this is in question. Follow the paying for forfeits instructions to pay for a bye.
2. Forfeits must be paid for. On the Galaxy II machine, go to the play league menu>Select your league night>then select your team>pay your dues>when selecting the visiting team select your team name again. The machine will then ask you if this is a forfeit. Answer yes and the forfeit is complete.
3. Any team that *“No-shows”* or *“Forfeits”* during the last 2 weeks of either half, will be dropped from the schedule, removed from the playoffs, have their scores deleted, and forfeit any potential prize monies.
4. Any team that doesn't show up for any 2 matches in a row or any 3 matches during the regular season without reasonable cause will be dropped for the schedule and forfeit any potential prize monies.

Scheduling

1. All league schedules are computer generated and every attempt will be made to equalize the teams schedule so that 50% are home and 50% are away. This may not be possible due to the numbers of teams and boards at the establishment the team is based out of. Also teams may not be at their “Home” establishment every other week based on scheduling conflicts to equalize board time based on numbers of teams and boards there.
2. League start times vary. Please refer to your team folder and the addendum sheet.
3. There will be 15 (fifteen) minute grace period for teams to show for play. This may be extended if both team captains agree.
4. All team captains Must have their current valid phone number listed with the league office incase a captain from an opposing team needs to contact them for a Re-scheduling of a match.
5. **Re-scheduling of Matches:** If it is necessary to re-schedule a match, a date must be agreed upon within 24 hours of the original match, and said match must be played within 14 days of the original match. The league office must be notified immediately of the re-scheduled matches time and date. If both team captains cannot agree upon a make-up date, the league director will select on for both teams. If neither team notifies the league office, a 0-0 score will be entered with the league fees still owed and NO re-schedule date afforded to either team.
6. If a team refuses to re-schedule a match, the league office must be notified immediately through the phone numbers provided. The League Director and Players Board must be contacted to determine if the need to re-schedule is a bona fide reason or not, lack of one or two players is not a good reason. Once a determination to re-schedule has been made, the league office will either direct teams on when and where to play, or contact the opposing team to re-schedule another date.
7. Only the league director can call matches on a league night due to inclement weather, and all matches called because of inclement weather must be made up within 14 days. Team Captain's may however decide between themselves re-schedule a match due to inclement weather but the league office must be notified immediately of that decision.

Protests

1. This booklet is intended to resolve problems during the course of league play. If the problem cannot be resolved with the help of this booklet or between team captains a protest can be filed with the league office.
2. All protests filed with the league office will be forwarded to the player's board for review and hearing within 14 days of the filing of said protest. All protest decisions must be signed off by all board members to be a valid decision. Infractions from the general rules are not considered protests and shall be resolved using the those rules.
3. All protests must be submitted immediately after the completion of the protested match. They may be handwritten and mailed or hand delivered to the League Office, with the \$50.00 protest fee included. The protest fees will be refunded to the protesting team if judgment is found to be in the teams favor, if the judgment goes against the protesting team the fees will be placed in the leagues general fund.
4. Prior to any protests being filed with the league office both team captains should calmly and intelligently discuss the issue privately and try and come up with a rational agreement between themselves. Any team captain that does not afford the other team captain the opportunity for rational discussion of the problem will lose any protest filed against them.

League Dues

1. League dues are required to be paid each night of league play. League dues must be paid directly into the dart machine when instructed. **The league dues for the 2008-2009 LCEDL seasons are \$9 plus quarters. This has been adjusted to offset the anticipated cost of airfare and the definite rise in hotel rates.**
2. Failure to completely pay the team league dues will result in a forfeit.
3. All teams/players will receive monies and/or awards and/or trips at the conclusion of each season.
4. Quarters used for match play are not refundable in any form.
5. **Checks bounced to OVI will be assessed a fee of \$40.00 for the first check bounced, then any check there after bounced will be assessed a fee of \$50.00.**
6. All teams must be current on all league fees and dues at the league office by the end of business prior to that team playing their last regular season match on that day. Any team failing to make good on all past dues and fees will not be allowed to play in the playoffs and will be removed from playoffs and may forfeit prizes and/or monies.

Performance Statistics

1. Team and Player performance statistics will be formulated and posted each week.
2. Points per dart (PPD) and/or Marks per round (MPR) will be used to determine divisional placement and handicapping. Sspre may also be used. This method is applied to league play and/or playoffs only.
3. Individual and Team PPD/MPR will be reformulated on a set number of games basis. The set number of games will be distributed at the team captains meeting at the beginning of each season.
4. Teams will be placed in division according to combined PPD/MPR per section of Teams and Players section of this booklet.

1. A Players handicap will be developed using a players PPD and MPR and will follow the set-up provided by the NDA and/or board manufacture.
2. The league director and players board reserves the right to adjust divisions prior to the start of the playoffs.
3. The league director and players board reserves the right to set a players required PPD/ MPR prior to the playoffs beginning. The highest of these stats may be used at the discretion of the Player's board and/or League Director.
4. All new male and female players will start as a 0.0 PPD and 0.0 MPR, unless they can provide paper stats from another league.

Player A	96	Player B	115
Player C	258	Player D	110

Player C's Total is 258

Players B & D's Total 225 Since the total of 225 for players' B&D is less that 258 for player C, player A is Frozen.

2. The freeze-out rule applies for all '01 games.
3. If a player takes a game out while "Frozen" that team forfeits that game.

General League Rules

1. The throw line (Oche) is to be set with the front edge (closest to the machine) Exactly 8 feet (96 inches) from the alignment mark on the bottom side of the respective dart machine.
2. All players must throw from behind the front edge of the throw line (Oche). Players may lean over the line, but must stand with both feet behind the front edge of the line.
3. Each player has a maximum of three (3) darts to throw per turn. Players have the option of throwing some, all, or passing on their darts in a round.
4. Any dart thrown counts as a thrown dart, whether or not it is registered by the machine. A throw counts if it hit's the board and bounces out, or misses the board completely. A player may not any darts over again once it has been thrown once in that round.
5. Darts must be thrown only when the machine instructs to "Throw Darts" and the proper player's number is indicated.
6. Neither of the player's feet may touch the floor in front of the throw line (Oche) until the last dart thrown in that round makes contact with the board. If this happens, a warning must be given from the opposing team captain for the first occurrence. On the second occurrence that player will forfeit his/her next turn.

7. Once a regular season game has begun those players involved may not throw practice darts on any other board.
8. Per the NDA Tournament Rules: Once a playoff match has begun no players may throw warm up/practice darts.

Scoring

1. The dart machine automatically scores all darts thrown. The dart does not have to stick in the board for the dart to score.
2. The score registered by the dart machine will be the score the player will receive. The machine's score is accepted as always being correct.
3. A thrown dart that does not register a score will not receive a score (example: a dart that was thrown before the "Throw darts" signal was lit). A player may not manually score that dart.
4. The only exception to the "Last Dart-Winning Dart" will be that it meets the following criteria:
 - A. The "Last Dart-Winning Dart" must stick.
 - B. The machine was displaying the "Throw Darts" message and all other rules were followed. Then, no matter if the machine fails to score or scores incorrectly, the player/team will be credited with the win in that game.
5. If a dart "Jams" or Stuck dart" is displayed on the dart machine, play will cease and the opposing captain will pull the "Last Dart Thrown". This should clear the jam/stuck dart and play will resume.

Fouls

The following points constitute fouls - the commission of a foul may lead to: loss of turn, loss of game, loss of match, expulsion from league.

1. Distracting behavior by opponents while a player is throwing is not allowed and constitutes a foul.
2. The player shooting may not leave the throw line after a dart has been thrown. Any player leaving the throw line after a dart has been thrown has committed a foul and forfeits any remaining darts in that turn. Use good judgment on this there may be acceptable reasons for leaving the throw line by a player.
3. Neither of the player's feet may touch the floor in front of the throw line (Oche) until the last dart thrown in that round makes contact with the board. If this happens, a warning must be given from the opposing team captain for the first occurrence. On the second occurrence that player will forfeit his/her next turn.
4. Intentionally stalling constitutes a foul. No more than one (1) minute may elapse between shooters and no more five (5) minutes between games. Use your good judgment on this matter people may need to use the restroom, get a drink, Etc. The team captain must issue a warning to the opposing team captain on the first occurrence, after the warning any further tardiness will result in a team's player being passed by until they return for play.

5. If a player reaches zero (0) in the same round a foul is committed the player/team forfeits that game.
6. It is each player's responsibility to ensure that the machine is displaying the correct players number/position prior to throwing any darts. Play is to stop immediately when the infraction is noticed!!
7. Any machine reset, tilt, or malfunction due to intentional or non-intentional player action shall result in the loss of the game for the offending team committing the action.

9. Any player/team that commits three (3) fouls will forfeit that match.
10. Any player found to be using overweight darts (over 18 grams) or otherwise illegal darts (over 8" in length) shall cause that team to forfeit all games in the match that player has played. The match will continue with all players using legal darts. Any protests about weight of darts must be made before the completion of the 3rd game, and will not be allowed once the match has been concluded.

14. Any player who is suspended or banned from Ohio Vending League Systems or any other League will not be allowed to compete in this league or any National Dart Association tournaments.
15. If the game starts and ends in the same order, the game stands as played. If the wrong player shoots in a game and the infraction is noticed before that player has started his/her second round, the game will be started over with the offending team being responsible for coining the machine. If the infraction is noticed after the start of the next game, the preceding game will stand.

If the player throws while the machine is displaying an opponent's number, it constitutes a foul.

a) If the player has thrown fewer than three darts, the machine is advanced to his correct position by use of the "Player Change" button, and the player is allowed to throw their remaining darts. The game then proceeds normally with the opponent shooting next and so on.

b) If the player throws all three darts on the opponent's number before the infraction is noticed, the player has completed his turn and the machine is returned to the proper order (the opponent's number) and the game proceeds normally.

c) If a player throws out of turn and ends the game on that turn, his team loses that game.

If a player throws when the machine is displaying the number of that player's partner, it constitutes a foul.

A. if the player has thrown all three darts, his turn is completed. The machine is then advanced to the correct player position and play resumes, except that both players from the offending team lose his next turn.

B. if a player has thrown less than three darts when the infraction is noticed, the machine is advanced to their correct player position, and he is allowed to throw the remainder of his three darts. The machine is then advanced to the correct player position and play resumes, except that both players from the offending team lose his next turn.
