PARTICIPANT RELEASE AGREEMENT - ADULT

I, _____the undersigned adult participant, for and in consideration of the agreement of the **EQUI-KIDS Therapeutic Riding Program**, to provide riding instruction for myself, do hereby forever release, acquit, discharge, and hold harmless the **EQUI-KIDS Therapeutic Riding Program**, its officers, trustees, agents, employees, representatives, successors, and assigns, for all manner of claims, demands, and damages of every kind and nature whatsoever, which I may now or in the future have against the **EQUI-KIDS Therapeutic Riding Program**, its officers, trustees, agents, employees, representatives, successors, or assigns on account of any personal injuries, physical or mental condition, known or unknown, to myself, and the treatment thereof, as a result of, or in any way growing out of the acts of the **EQUI-KIDS Therapeutic Riding Program**, its officers, trustees, agents, employees, representatives, successors, or assigns, including but not limited to their negligence or gross negligence, in rendering the services above described or in any way incidental thereto. In accordance with Act 3.1-796.132 of the Code of Virginia, notice is hereby given on the intrinsic dangers of equine activities, including (i) the propensity of an equine to behave in dangerous ways which may result in injury to the participant; (ii) the inability to predict an equine's reaction to sound, movements, objects, persons, or animals; and (iii) hazards of surface or subsurface conditions.

LESSON & CAMP POLICY AND PROCEDURES

1. The purpose of therapeutic riding lessons shall be to foster positive self-awareness by all participants, increase muscle strength and coordination, and allow for outdoor recreational opportunities for special needs individuals. A "special needs individual" shall be any person, adult or child, who may have any type of disabling condition, including but not limited to, Down syndrome, spina bifida, cerebral palsy, autism, learning disabilities, amputation, emotional and/or behavioral disorders.
2. Every attempt will be made, each session, to provide therapeutic riding lessons to new participants depending upon the availability of the class, disability of the participant and/or competence of the therapeutic riding instructor in that particular field of teaching. A waiting list has been compiled and is updated on a regular basis to incorporate new participants.
3. It is our policy that once a session begins, classes are closed and shall remain so until the next series of lessons is open for registration. To incorporate new participants at various stages during these lessons not only detracts from the progress in that particular class, it does not allow for proper interaction between the new participant and the instructor. New participant orientation will be scheduled prior to every session to introduce new participants to the facility, instructors and horses; however, should there be a scheduling conflict the participant will be introduced to the program on the first lesson.
4. The lesson fees will become due and payable **PRIOR TO** each lesson session to hold the participant's enrollment in the select session. Lesson fees are **NON-REFUNDABLE** and once paid, no make up lessons or refunds will be available. Lesson fees will be provided to existing and new participants/parents prior to each session. Participants who foresee missing a lesson(s) prior to payment of the session are advised to contact the Program Director to request an excused absence. Lesson fees will be determined and individuals notified in person, by telephone call or by the mail, of the class schedules prior to each session.
5. EQUI-KIDS offers full scholarships to a limited number of participants each year who could not otherwise afford to participate in the program. Scholarship information, including the Scholarship Policy and Application is available through the Program Director.
6. Camp fees are due and payable **PRIOR TO** camp to hold the participant's enrollment in summer camp. Camp fees are **NON-REFUNDABLE**.
7. Participants are encouraged to be ready for their lessons and arrive on time. Participants who are ten or more minutes late will not be permitted to take part in the lesson. If you are unable to attend a class, please contact our office or the instructor prior to your lesson day at the number below. Riders who accumulate three (3) unexcused absences in a lesson session will be removed from the program and fees are non-refundable.

EQUI-KIDS Office: 757-721-7350

8. Lessons will be held rain or shine. For severe weather conditions, such as hurricanes, severe lightening, snow, or tornados, participants will be contacted and make-up lessons will be scheduled. It is EQUI-KIDS policy that make-up lessons may only be scheduled due to severe weather conditions, facility disruptions, or other unforeseen events. Make-up lessons will not be provided for missed lessons.
9. Children not enrolled in the program must be accompanied by an adult at all times.
10. Any participant not participating in the riding program for two consecutive sessions will be automatically removed from the active participant roster and they must reapply to participate in future sessions.
11. Due to the nature of therapeutic riding, EQUI-KIDS rider weight limit is 200 lbs., unless otherwise determined acceptable by the Program Director. The limitation has been established to ensure the soundness and well-being of all program horses and ponies. Special considerations will be reviewed on a case-by-case basis and applicants/participants are encouraged to discuss these considerations with the Program Director.

To better serve you, we would like to have your input regarding the EQUI-KIDS' lesson program. Please take a few moments and let us know what you would like to see accomplished in the upcoming year; either for yourself or for your child.

1. What specific goals would you/your child like to obtain this year?

2. Do you/your child feel that he/she is riding/involved at the proper skills level? If not, what do you feel would be more appropriate and how can we develop this?

3. What changes, if any, in you/your child's medications could affect his/her abilities during their sessions? What behavior modifications are used with this participant? (time-outs/counting etc…)
