Old Town Development Plans - City Council Meetings on January 5 and 19 will include discussion of development plans for Old Town Greenwood. This has been an emotional issue for some people with some supporting preservation of the existing downtown and others promoting demolition and re-development. Regardless of your position on downtown development we encourage you to get involved in the community.

Aquatic Park - Development continues this winter on the aquatic park at Freedom Park as they race toward a grand opening planned for Memorial Day weekend. The aquatic park will include three water slides, a lazy river, a lap pool, and a leisure pool. It's certain to be popular with many families this summer!

Worthsville Rd - The city has shifted the route of Graham Road preparing for the planned I-65 interchange at Worthsville Rd. Although there is some asphalt down on Worthsville Rd, it will reportedly remain closed to through traffic for most of 2015. Updates on all of these local developments can be found on the city website at:

www.greenwood.in.gov.

Put litter in its place! - Whether you own your home or rent, we all want to keep our neighborhood looking its best! Walking the neighborhood before Christmas we noticed a fair amount of trash along the street including drink cups, beer cans, and even a vodka bottle. Most of the litter seems to come after trash day due to the wind blowing trash and recycling out of their containers.

- Please remind all members of your household to properly dispose of trash.
- Please ensure trash cans have lids.
- Please secure all trash in trash bags.
- Please secure recycling – cans and plastic bottles that are crushed are less likely to become litter.

If we all work together, we can take pride in our community and enjoy our clean neighborhood. Your neighborhood needs your help in picking up litter even if you didn't cause it. Together we CAN put litter in its place! Thanks!
