DESCRIPTION: Great looking and performing Thunderbird recurve. High density Wingwood riser. Wing AMF era bow. The Thunderbird is one of the best shooting vintage bows ever designed (certainly near the top of my list). This one is in excellent condition. No delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes. No chips, dings or cracks. No stress lines or crazing. A few minor scratches, scuffs and blemishes. This is a really nice bow in excellent condition for its age.
