

Legal Update
September 7, 2010

At the end of August and in accordance with Judge Roll's decision, the Van Roekels were fully reimbursed for their legal expenses.

The Association's motion for summary judgment has been filed. Our filing seeks a ruling that HNOA is also a prevailing party and thus entitled by law to recover its legal expenses. The Pappas have twenty days to respond after which HNOA has five days to file a final response. A decision in our favor will avoid the trial scheduled for November 9.
