Re: Albuquerque International Balloon Museum

Dear Tom:

It is my pleasure to offer congratulations and thanks to you and your team for the tremendous job you did on the Albuquerque International Balloon Museum project. At a recent Gerald Martin, Ltd. post-project meeting, the GM team discussed the excellent work done by your firm. The team members, consisting of Jim Roupas, Tim Zagar and Gary Barteau, all agreed that your firm performed their work in an exemplary manner.

When a challenging project goes this well, it is due to everyone focusing on teamwork, quality, communication and safety. This overall focus resulted in an extremely satisfied customer.

Thank you once again for your hard work and dedication to Gerald Martin's goal of delivering "excellence in construction". We look forward to working with your team on another project.

Sincerely,

Matthew Martin
President
