Rachel,

There really are no words to describe this past week. There are cities and states banning gatherings, closing schools, restricting businesses, and asking people to stay home as much as possible. In what feels like an unsettling, uncertain, and challenging place—we can rest in knowing that God is in control and Jesus is with us.

No matter if the COVID-19 is here for days, weeks, or months—Jesus is with us. We have hope in Him. We are still the church. And your ministry still matters.

Although our ministries are beginning to look different, they are as important as ever. So, as we all navigate these times, we want to be able to resource you and the families you serve as best as possible.

To get started, we've included some free resources for you and for sharing.

1. **Here is a free lesson** titled "God Takes Our Worries" that includes student resources and coronavirus materials. Please use this in your live-streams, recordings, or distribute to the families

in your ministry for at-home study.

[God Takes Our Worries Leader Guide](#)

[God Takes Our Worries Student Page](#)

[Coronavirus Infographic](#)

[Talking to Children about COVID-19: A Parent Resource](#)

2. Share these playlists with your staff and families, as it is so important that we continue to encourage our souls!

[Songs of Hope](#)

[Nothing to Fear](#)

3. [Grab this free book with 13 lessons](#) titled *13 Amazing Animals and How God Used Them*. Share it with the parents in your ministry to use at home! Along the way, kids will be assured that God knows and loves them—and is ready to use them in big ways!

As the weeks progress, we will continue to resource you with materials and ideas for your online services and for families at home.
