

Facilities Manager/Facilities Technician

Gold's Gym seeks a Facility Manager / Maintenance Technician in the San Antonio, TX area. The Facilities Department is responsible for all building maintenance, pool and hot tub maintenance, fitness equipment, HVAC, electrical, and plumbing repairs. A minimum of three years maintenance experience, an in-depth knowledge of mechanical and electrical principals, and your own hand tools are required. Candidates must have reliable transportation, a strong work ethic, and the ability to work as a team in all our district clubs. We offer a comprehensive benefits package and a membership to our fitness centers.

Job Qualifications:

- Basic knowledge of electronics, plumbing, HVAC, pool maintenance, electrical, mechanical repair, and building maintenance
- Must have or be able to obtain and maintaining a Certified Pool Operator certification
- Possess good inter-personal qualities with both Gym management and customer contact
- Must possess good communication skills with both gym management and Customer contact
- Three years of applicable business experience required and preferred in the fitness industry
- Must be detail oriented and capable of completing maintenance assignments with minimal interruption of equipment use by the customer
- Ability to understand equipment operation
- Trade certifications preferred

Job Description Major Responsibilities

- Coordinates maintenance activities for continuous operation for multiple gyms
- Purchase and/or order necessary parts and supplies
- Perform necessary repairs to facilities and equipment
- Maintain pools and hot tubs to state and county health codes
- Must have reliable transportation with the ability to travel between designated clubs and stores as needed throughout the day
- Be available to receive and respond to after-hours phone calls and the ability to respond to club issues and emergencies
- Assists with the development and design of preventative maintenance schedules
- Assists with the development and implementation of new methods and procedures, when needed to improve operations, minimize costs and effect greater utilization of labor and materials
- Assists in the training of workers to improve peak performance and acquaint workers with company policies and procedures
- Perform other duties as assigned by manager.
