

CPP Photo and Publication Release and Consent

The following policies impact the children, minors, and/or youth enrolled or attending Child's Play Place, Inc in regards to the publication of media including pictures/photos, videos, and/or audio recordings. It is assumed that by attending our program you grant permission to take photos. However, parental permission must be granted to publish these images, video, or audio.

The following policies regarding the publication of images, video, audio or other media will be in effect unless otherwise provided in writing:

- CPP can use pictures of my child(ren) that do not include my child's face without parental permission
- CPP will gain approval from at least one parent or legal guardian for the publication of a picture on any publication to which CPP has control (one time in the method of this sheet).
- CPP will never publish the name of my child or youth either in print, visual, or audio format in conjunction with the visual representation of my child.
- CPP will never publish anything indecent or sexually suggestive with a youth or child involved.
- CPP will remove any picture of any child or children at the request of that child's parent(s) or guardian(s) within a timely manner.
