

We currently have two drop boxes at:

- **Irrigation Specialists in Pasco, WA** – gets checked every weekday.
- **RDO in Hermiston, OR** – not checked unless lab is called.

Call Ag Health Laboratory at 509-836-2020 when you drop off samples in our drop boxes.

*We are willing to have other drop box locations if we know there is someone that would utilize that service.*

Please let us know what your needs are, and we will do our best to meet those needs. We are offering to send mailers, sample bags to you so you can drop samples in the mail at your convenience.

We look forward to working with you.
