

Frame 6B Parts John Brown (General Electric) PG6541 Gas turbine Parts

Serial: 295510, KW: 39,950

1 – Accessory gear coupling / starting turbine coupling Rex Chainbelt serial number: 894003-00 , Ge part number: 307A9204 with connected parts, Type DBZ

1 - Liquid fuel flow divider Roper serial no: G97442, drawing X20091-7, ref no: 307A9396P001

1 - Number #1 Compressor bearing assembly part number: 188C9724G001 drawing number

E10428G011, oil deflector part number:154D7145G001

1 – Turbine Thrust bearing

2nd stage heat shields (complete set of 8 pieces) 188C9473 G004 UNUSED

1 Coupling , solid-output (Gas turbine and load gear) Total length 76 ½", Flange diameter 17 ¾" , 24 Bolt holes
