

The background features a complex, abstract pattern of dark purple, grey, and green wavy, organic shapes. The purple and grey tones dominate the central and left portions, while a vertical strip of bright green is visible on the right edge. The overall effect is a textured, layered appearance.

AMERICA'S MOST BEAUTIFUL CUSTOM BOWS BY *Howatt*

## HOWATT diablo

54" and 58" lengths with weights to 75 lbs. at 28". Choice of bow glass color and custom handles. The Diablo is perhaps the only true deluxe hunting bow on the market. Its great power and accuracy is matched only by its beauty.

**62.50**

Recommended Fist Mele: 9 3/4"

HOWATT bows have long enjoyed a reputation as "America's Most Beautiful Custom Bows." This new line has been developed in keeping with that tradition. Each HOWATT bow is the result of extensive design and field testing. The final product is expertly handcrafted by master bowmakers using the finest materials, then superbly finished to an incomparable brilliance. Richly grained Brazilian Rosewood is used in all seven of the top bows in the line. 3M Scotchply<sup>®</sup> bow glass is used exclusively and is available on most models in white, black, cinnamon, green or turquoise. Except for the Little John, every bow is provided with a thumb groove as an integral part of the design at no additional cost. And once you see and shoot a HOWATT bow, the all-around superiority is apparent. Howatt is also a supplier of the finest in archery accessories including King Leather Goods, Easton, Micro Flite and wooden arrows in all grades.
