COVID Update

Greetings from Midway Nursing Home!

Our precautionary quarantine period has ended and there are no new COVID positive cases. All residents and staff are currently asymptomatic.

Precautionary measures remain in place for the duration of the pandemic which includes sanitizing and holding packages being received for our residents.

Window visits resume on Monday, January 25th and are available Monday thru Friday, weather permitting. To schedule a window visit, please call Connie Leone on x307.

Virtual visits are available 7 days a week and are highly encouraged. To schedule a virtual visit, please call a team member from Recreation or Social Services.

Additional information regarding visitation is available on our website at www.midwaynursinghome.com under the COVID Updates tab.

Please continue to be safe and remember to wear your mask, especially when you are not able to maintain 6 feet away from others. As COVID positivity rates continue to increase, we encourage you to consider getting the COVID vaccine when it becomes available to you.

We look forward to seeing you soon!
