# SELECT *Rustic* ELEGANCE

DEFINING

# Elegance

Select Rustic Elegance drapery hardware features five finishes that showcase the beauty of the wood grain and decorative textures characteristic to Ash wood.

Included in the Rustic Elegance Collection is the specialty line, **Iron Image**. Iron Image offers the look of traditional wrought iron in 1 3/8" diameter wood poles, traverse rods, and finials. The matte, charcoal finish gives the four finial designs and wood poles the look of forged iron. Authentic iron rings and brackets complete the collection.

The **Rustic Elegance** Collection may be viewed on pages 29 to 36.

## SELECT TRAVERSE RODS

Select Traverse Rods feature heavy duty tracks that are constructed with wheeled carriers and metal masters with the capacity to handle today's drapery treatments made with blackout linings and interlinings.

Select Wood Traverse Rods are available in all Select Wood and Rustic Elegance finishes. 2 1/4" and 3" Traverse Rods are available with the patented Select SureLock® Traverse Ring System. The SureLock Rings® perfectly match the Select full round rings.

The **Select Traverse Rod** Collection may be viewed on pages 37 to 46.
