

## **Kub Testimonial**

“I have two sons involved in Tae Kwon do. My oldest son started out as a Karate Kub and is now a 1<sup>st</sup> degree black belt. After watching his brother for many years, my youngest son couldn't wait to become a Karate Kub and is currently an orange stripe belt in the class. Both my boys love Tae Kwon do! They have gained so much from the experience—self-confidence, responsibility, focus, and new friends. Ms. Bushey and Mr. Smail are excellent instructors that connect and give individualized attention to each student. They make Tae Kwon do fun using games, enthusiasm, and structure to the classes. I also like that teaching safety is incorporated into every class time. I would highly recommend this experience for others!”
