## Mayor's Report

**Rich Regovich**  
Mayor/Safety Director

I hope by the time this is published we have made it through the worst of the COVID-19 or Coronavirus. It has been a challenge navigating the influx of information from the County Health Department, the State of Ohio, and the Federal Government. At times there was a discrepancy in the information regarding what actions should be taken. I would like to report that much information was distributed through our Lake County Mayors and Managers group using email as a primary means of communication. It is a great way to share information and a good way for all Lake County municipalities to be consistent in handling the very fluid situation. The City closed all buildings and cancelled all activities where people would gather. Our first responders followed protocols that were put in place early to ensure their safety while providing service to the community.

## Willowick Recreation Department: News & Notes

By: Julie Kless  
Recreation Director

Dear Willowick Residents,  
With the evolving public health situation and current state mandate, our Rec Center will be closed until further notice. With that said, it is important that we communicate

the importance of maintaining a healthy lifestyle, especially during these unprecedented times.

Now more than ever it is essential that we stay active and utilize outdoor spaces for exercise and even relaxation. There are variety of outdoor resources available in our community,

whether it be in a local park or even outside your front door in your own yard. Utilize 'The great outdoors' and keep moving!

We will get through these times of uncertainty together. Take care of your loved ones and stay safe.

Should you have any questions

or concerns please do not hesitate to call the Recreation Department or e-mail me at [jkless@cityofwillowick.com](mailto:jkless@cityofwillowick.com).

For the duration of the closure, due dates for checked-out materials (including wifi hot spots and tablets) and holds for materials

will be extended to the date that the library reopens. There is no need to return any of those items during the period that the library is closed.

## Ohio Department of Health: This or That Prevention & Preparedness

### This or That Prevention - Social Distancing

**Instead of this:** Only washing your hands on occasion, or just using water.

**Do That:** Wash your hands regularly! Use water and soap and wash for at least 20 seconds.

**Instead of this:** Sneezing into your hands (ew!).

**Do That:** Sneeze into your arm or a tissue.

**Instead of this:** Checking social media or cable news 24/7.

**Do That:** Continue to stay informed, but also disconnect on occasion. Try reading a new book or trying meditation. Mental health is important.

**Instead of this:** Going straight to the doctor or urgent care when you're feeling under the weather.

**Do That:** Believing every rumor you see online or using non-reputable sources.

**Instead of this:** Believing every rumor you see online or using non-reputable sources.

**Do That:** Use reputable sources!

Get info from verified accounts from CDC, Ohio Department of Health, Governor Mike DeWine, local health departments, and verified media accounts.

### This or That Preparedness - Social Distancing

**Instead of This:** Panicking and buying enough toilet paper for a year.

**Do That:** Don't panic. Just make sure you have enough food and medication for a possible 14 day quarantine period.

**Instead of This:** Going to the grocery store every day.

**Do That:** Go once a week, during non-peak times.

**Instead of This:** Going out if you're an older adult or have a pre-existing medical condition.

**Do That:** Ask your family, friends, or neighbors if they can get your groceries or run errands for you.

**Instead of This:** Being mean or rude to service workers, healthcare professionals, or others on the front lines of the outbreak.

**Do That:** Be kind! We're all in this together and kindness is more important than ever.

This process is still ongoing and many decisions will still need to be made. I am extremely confident and proud of our Directors, Chiefs, Council, and employees for their work and for continuing to pitch in where necessary, making excellent suggestions and decisions, and remaining calm during this time. We are fortunate to have these people working on behalf of Willowick.

COVID-19 symptoms are very similar to the flu symptoms. Those infected can have a fever, cough, fatigue, and shortness of breath. Less common symptoms are headache, hemoptysis, and diarrhea. There is no medicine for this. Most healthy people will

treat it like the flu and treat the symptoms. The risk is greater to those with underlying chronic medical conditions and to seniors, with the potential of a fatal outcome. This is why prevention is the best course of action. I can only hope this passes quickly and we can get back to our lives.

I would also like to ask all of you when it is time to return to restaurants and businesses that we give back to our local businesses. This has undoubtedly been a financial hardship to many of our business owners. When the time is right, please try to help our neighbors and business partners get back on their feet. We are fortunate to have so many

businesses that sponsor many city functions here.

I hope we all help each other and are respectful during this time of need. The news coverage has many unbelievable stories and outrageous tales. I try to remain calm and take it one day at a time. During this situation we have had to take it one hour at a time. If anyone needs help, please call City Hall and we can try to connect you with those in a position to provide help. We are lucky to have organizations like Hearts & Hammers here in Willowick which helps us take care of our neighbors. I wish you all the best and good health. Please check the city website for the latest updates.

# City of Willowick Council Reports

**Charlie Malta**  
Ward 3 Councilman

Dear Wonderful Residents of Willowick,

**Coronavirus:** (This article was written mid-March) To say the least, when Covid-19 first broke out, I was a skeptic, not anymore. Thanks to all of you, if you're a doctor, nurse, volunteer or just a good neighbor. If you are out of anything from water, soap, hand sanitizer or TP, I will be there for you. Don't forget to check on your elderly neighbors.

**W-E Levy:** As we know, the election was postponed. Point blank, I am for the levy. I want to thank all who were part of the massive grass roots effort. I learned a lot through these past couple months and the one thing that disturbed me was so many parents who have students in the school system, nearly 50%, are not registered to vote.

**Guy Trinetti Sr.:**

Congratulations to Ward 3

Davene Sarrocco-Smith, from the Lake County General Health District, gave a short presentation at the February 18th Safety Committee meeting regarding the rat situation. The main points for residents were to stop feeding birds and wildlife, especially when the weather breaks and temperatures start to rise. This is what draws the rats out. Clean up dog waste and remove areas where rats can nest like leaf piles or wood piles. This information can also be found on the City website under 'Departments' then 'Service' - the links are at the bottom of the page.

With the warm weather approaching, more residents will be out walking their dogs. I want to point out how important it is to report any dogs that are loose, acting in a menacing manner or attack a person or animal, to the police immediately. If you can take

photographs or video that would be even better. Quick reporting and documenting by residents will allow the city to effectively enforce the ordinances that pertain to this type of behavior.

At the beginning of March there were coyote sightings at Foxboro Dr. and E. 291st Street. If you see a coyote please contact your ward representative. The city may have to obtain dynamite and anvils if the coyote sightings continue.

Our Economic Development Director Monica Drake has been working with our website administrator Sue Wovrosh to add information to the city website for developers and business owners. The goal is to make it easier for developers or commercial businesses to navigate the process of bringing businesses or new development to Willowick. Things such as who to contact, what forms are needed, how is the city zoned and what types of development or businesses are already coming here is just some of the information the webpage will provide.

Operation S.C.R.A.M. (Security Camera Registry and Mapping) is still available for homeowners and businesses who have security cameras and would like to register them with the Police Department. Help make our community safer - go to the city website under 'Departments', 'Police' and 'Security Camera Registration' and sign up today.

# Bankruptcy 101:

*Overcoming the Fear of Filing Bankruptcy*

Filing bankruptcy is scary on many fronts. I know because I'm a bankruptcy lawyer and I talk to bankruptcy clients every day. I also have had financial problems like most everyone else and I was scared at the time. I thought about filing bankruptcy. I must admit it was a very frightening thought. I really believed that my life for all practical purposes would end in humiliation and despair. I believed that everyone would look at me and talk and snicker. That it would be in the newspapers and my parents would disown me and that I would die lonely because no one would ever speak to me again. Forget about ever getting another date. They probably wouldn't even let me adopt a cat.

At that time, I couldn't put my finger on why the thought of filing Bankruptcy was so HORRIFYING. Since that time, I have had the opportunity to speak with many people who have gone through the bankruptcy process and now I know why the idea of bankruptcy is so scary. I also know now why it is such an irony that the solution to so many scary things causes us such apprehension. The reason is simple. It is an assault on our pride. A blow to our ego. There is no other reason to fear such a remarkably effective solution to real tragedy (like, say, having your wages garnished, being sued, losing your home, not having money to eat, dying from stress, going insane, etc.) Pride is one of the seven deadly sins because it causes us to do things that we should not. It also causes us NOT TO DO THINGS THAT WE SHOULD.

Based on my conversations with many people I have concluded

that bankruptcy is looked at in the negative. I know people are reading this last line and thinking "duh-yeah!" But in my world, I don't think it is so straight forward. Because I see fearful, distressed, sad, stressed out, suicidal, miserable, guilt ridden, angry people made better by bankruptcy. Not just a little better, either. A lot better. The "I can't believe it, but I actually have peace of mind!" kind of better. I run into people at the grocery store who tell me life has never been so good. I wouldn't normally believe them because I knew them. They were our clients. They were people who came into our office eight months earlier depressed, hopeless, despondent, fearful and beaten. But now their faces, their demeanor and their attitudes are hardly recognizable. They have been restored to sanity. They have been healed and they know peace. That past life that was so unmanageable, painful and, seemingly, spiraling downward out of control did not crash and burn. Something took the controls and managed to pull it back up seconds before the fiery fateful collision-moments before they came to that dark place that is not known but dreaded. That something was the law of Bankruptcy!

It was probably something greater that took them to the acceptance that bankruptcy was the only thing that could right their lives at this point. But that is beyond this discussion. Everybody's bottom is at a different level. The only question is how much suffering a person endures and makes their family endure until they embrace the solution. I am a simple man. I think financial problems have a simple solution. That solution is bankruptcy.

So, no, you are not a loser if you need bankruptcy and use it.

You will be a winner. Trust me, I know. We are not dealing with kids or irresponsible adults who went crazy at the mall and want to skate out of debt. Not in this world. Not now. In these times, people are struggling to eat; to drive to work; to live. And, no, you are not the only one who is in this much financial trouble. You only think you are because they don't make television sitcoms about the pretty people living in California hanging out at the beach filling out their bankruptcy petition. YOUR FINANCIAL PROBLEM IS TEMPORARY. YOU WILL RECOVER. You just need a little breathing room. If you let it cause you health problems- those may be permanent. General Motors is a prime example. They went bankrupt in 2009. In 2011 they

made record profits.

So, what's my point? Don't listen to other people's opinions because they are only parading their ignorance. Don't be proud because pride is the mask of a fool. Don't be afraid because there is a solution to financial distress. Don't think you're the only one because that's just other people lying to

you. Don't be idle because if you are, you'll never be free from the financial craziness, harassment, emotional turmoil and debt collector head games. And do be positive because winning is a state of mind not a state of financial wealth. Get your peace of mind back!

# National Diabetes Prevention Program

According to the Center for Disease Control and Prevention, approximately 88 million American adults—more than 1 in 3—have prediabetes. Of those with prediabetes, more than 80% do not know they have it.

It's important to talk to your doctor about getting your blood sugar tested if you have any of the risk factors for prediabetes, which include but are not limited to:

- Being overweight
- Being 45 years or older
- Having a parent, brother, or sister with type 2 diabetes
- Being physically active less than 3 times a week
- Had gestational diabetes or gave birth to a baby weighing more than 9lbs.

• Having polycystic ovary syndrome.

If you have prediabetes, the CDC's National Diabetes Prevention Program has a behavioral change program that can help you make lifestyle changes to prevent or delay type 2 diabetes and other serious health problems.

The program begins with 16 core sessions offered in a group setting over a 6-month period. In these sessions, you will receive training to make realistic changes in your diet and exercise and provided with strategies to control your weight. A specially trained coach will help motivate you.

Once you complete the core sessions, you will have six more months of follow-up sessions

to help you maintain healthy habits and an additional twelve months of ongoing maintenance sessions if you meet certain weight loss and attendance goals during the first year.

The program is limited to Medicare Part B beneficiaries who meet the specific guidelines for the program. You can find details at [www.cdc.gov/diabetes/prevention](http://www.cdc.gov/diabetes/prevention) and ask your health care provider to provide you with a referral. If you are eligible, you will pay nothing for these services.

You can also find more information on Medicare's

coverage for diabetes in a Medicare publication, **Diabetes Supplies, Services and Prevention Programs**. It explains in detail coverage for diabetes medication, equipment, supplies, insulin pumps, therapeutic shoes, medical nutritional therapy services and more. For your copy of this publication you can go online to [www.Medicare.gov/publication](http://www.Medicare.gov/publication) or call 1-800-Medicare to request a copy.

"Where Faith Grows"

Bethel Lutheran Church is suspending all activities until further notice

The church council met via telephone on March 17, 2020. After prayer and discussion it was determined that for the health and safety of our members and the community at large, we would cancel all activities.

This means that all mid-week worship, Sunday worship is cancelled and regularly scheduled meeting and gatherings, until the government gives the all clear.

This was not an easy decision.

Please check Facebook and the outdoor church sign for further details.
