We do more, so you know more.

The Michigan Cattlemen's Association & Michigan State University Bull Evaluation Program is the region's premier central bull appraisal program and facility. The program is a cooperative effort among MCA, MSU, and Wernette Cattle Co.

The objectives are to:

- Promote performance-evaluated beef cattle and serve as an educational tool to acquaint producers with its overall value.
- Provide a common environment for evaluating young bulls for rate of gain, feed efficiency, soundness, and body composition.
- Aid beef producers in obtaining superior bulls that have been evaluated for growth, breeding and structural soundness, and carcass merit.
