Mayor/Safety Director

Summer is on the way! You can finally feel it! I noticed many people cleaning up their yards and doing home improvements. Make sure you call the Building Department to see if permits are required and also to get a list of Registered and Bonded Contractors. 951-2200 Ext.1004 Carolyn

I am working with the Veterans Organizations to decide if there will be a Memorial Day Ceremony. In the end, we will decide what is best for our Community and our Veterans as they are part of the at-risk population. Please check the newspaper and our social media sites for further updates.

Get your shopping bags ready!! The Eastlake Outdoor Farm Market returns on May 6th to the City Parking Lot (behind the BP Station). There will be over 35 vendors for you to shop from. They are independent distributors and

home-based cottage businesses. These people are your neighbors and friends and I hope you will support them!

Another way to make a positive impact in the City of Eastlake is to attend the once a month vendor event at the Eastlake Community Center, now the Senior Center, 600 East 349th Street. This event boasts 50 plus vendors, some of them from the market, who come together to sell their products and at the same time have a basket raffle and canned food drive to benefit End 68 Hours of Hunger. Last year they were able to donate over \$5,000.00 to the Organization, which in turn sent home bags of nutritious food to tide children over during the weekends and paid for meals to be sent home when school was not in session. Please stop by and support the kids!

Opening Day Baseball will be played at the Lake Health Miracle League Park starting on

Striking natural beauty draws many visitors to Lake County, but the area also has a rich and captivating history. Willoughbeach Amusement Park arose where one of the worst shipwrecks in Great Lakes history occurred years before. Secret passageways and tunnels helped slaves escape to freedom. Native son and Tuskegee Airman Earl R. Lane earned the Distinguished Flying Cross. Marge Hurlburt, a service pilot during World War II, set an international women's flight speed record, and Amy Kaukonen, one of the nation's first female mayors, personally raided suspected bootleggers during Prohibition. Author Jennifer Boresz Engelking uncovers the history behind some of Lake County's most well-known people and landmarks and reveals stories lost to time.

July 31st. Registration is ongoing so if you still need to register, please go to our website, miracleleagueoflakecounty.com, to sign up online or to download a paper copy. There is no better place to spend a Saturday morning! All COVID guidelines will be enforced. The restrooms have been opened back up for the season so feel free to bring your kids up to play!

Speaking of Baseball...the Captains opening Day will be May 11th. Many people have called city hall asking how to sign up for free tickets and the logo so as soon as I have the information from the Captains, I will let you know.

Work on Stevens Boulevard has begun as I am sure you are aware. Please be cautious when driving through the area and pay attention to the traffic signs.

Please have a safe and healthy Memorial Day Weekend.

May has arrived and many are cleaning up their gardens preparing in anticipation for the fall harvest.

Soil is fed, seedlings are prepped in small organic pots in basements, garages or sheltered spots.

Growing grass signals the tune-ups of lawn mowers and raking of the winter's leftovers. April 22nd was Earth Day. We hope you participated in some type of clean up in the community whether in a group or individually. Certainly, we are welcoming this beautiful, mild time of year to get out and about. Our group is no different. We have been busy planning our summer projects. Although we do not formally meet during the summer we never just stop giving back to the community. You will see us during the Captain's baseball season. We will be greeting our community as we collect parking fees at the city parking lot as people start to look for outdoor events. We will be participating the city-wide garage sale. That was very well attended last year and we hope to see so many more of you at that time.

The free Grab and Go lunch program will continue for children this summer at Willow Praise Church on Vine Street in Willowick. This wonderful outreach program with lunches provided by the Cleveland Food Bank is so important. Our Club has been providing activity sheets for children and will continue this summer as well. We will

be volunteering to help at the rummage sale, flea market and Fall Festival at Willow Praise also.

Our Club has selected our Gerry Gallagher Memorial Scholarship winner. Kayla Campbell, a North High senior, will be attending Hiram College and majoring in Biology. Her application packet was amazing and we are very proud to help this outstanding student further her education. There are Eagle Scout projects we will be supporting as well as maintaining our Eastlake Little Library at the Captain's Stadium near the Miracle League Park. Your children can use the Little Library to take a book and keep up with their reading during the summer.

Almost Happy Mother's Day this May 9th. Take time to appreciate your Moms, Grandmothers or women in your life who were a positive influence.

It certainly will be a busy summer and we hope an enjoyable one for everyone. For more information about our club and what we do, contact Eastlake City Hall at (440) 951-1416 or visit us on the Web: GFWC/Ohio.org or Facebook: GFWC Eastlake Women's Club. We are always looking for enthusiastic women to join us!

Don't judge each day by the harvest you reap but by the seeds that you plant.

Fundraiser for Eastlake Family (House Fire)

On April 10th, 2021, Aaron Studer and Andrea Bradvica's house on 1143 E 354th Street Eastlake caught fire. Thankfully, their 2 little girls were not home at the time. The house is inhabitable and they are currently living in temporary housing. The fire has been financially devastating for their family and they need help. Asa Cox (Asa's Angels) is working on a rental property for the family to live in and the Willowick Pet Food Pantry has donated necessities for their 4 dogs and cat.

A fundraiser was held on April 29th - Revolution Pizza (Willowick & Mentor locations)

Kayak and paddle board board rentals will be available this year again after a very successful year last year. This operation will be up and running at the park on Erie Road once the dredging is complete and the weather permits by mid May. This is a fun way to get physical activity while viewing our beautiful Chagrin River. When you make use of our rentals, kayak launch and boat ramp, you also help our Port Authority maintain the river for recreational purposes.

According to data I saw, Lake County residence are doing a very good job getting vaccinated. Thousands of people are getting their vaccines with minimal ill effects. Vaccines are a scientific marvel that added years to human life expectancy and the latest Covid vaccines have been proven to be safe and effective at preventing the coronavirus. Vaccines will help save lives and help get our economy back up and running at full speed. So for those who haven't already, please vaccinate when you can.

Bankruptcy 101:

The Covid-19 Financial Fix that Works Fast

The world changed in a day. Fortunes were lost in an hour. Financial security was exchanged for terror. A 2017 report by the employment website CareerBuilder found that seventy eight percent of American workers were living from paycheck to paycheck. This means that almost a full eighty percent of Americans need their entire monthly income just to cover their monthly expenses and they have no savings. Watch the news about how effectively the small business loans under the federal CARES act are being administered. Ask people you know how many of them have any of that whopping twelve-hundred-dollar government payment left or if they have even received yet. Do you think "things" (you know, life as we knew it) will be back to "normal" in three months. Six months? A year? Ever?

The only three economic realities we can rely on for sure are 1.) the spread and devastation of covid-19 is getting worse every day, 2.) the American economy (and probably the world economy, also) is going to be "bad"- to say the least - for an extended period of time, 3.) the virus is in control of the economy not us and 4.) the government cannot help you. If you do not agree with one or more of my "for sure's" then re-read the article six months from now. The bottom-line is people cannot even safely leave their homes- let alone- go back to work. Even if we could all get out there is no job to go back to. The bills will not stop. At some point, the utility companies will be able to disconnect service, the cost of food will skyrocket, collection activity/harassment will increase dramatically and so will stress caused illness. If you are one of the many people, whose bottom is about to fall out there is still hope. Do not allow yourself to lose your health (or, maybe, even your life over financial stress) because if that happens you will not be able to fix your life. If you are healthy and maintain right thinking you will come out of this OK. I have seen it work thousands of time. Bankruptcy is a constitutional protection established for the purpose of helping the financially distressed person get a fresh start. To help people get back on their

feet and start contributing to the American economy once again.

Bankruptcy is the most affordable, fastest working, constitutionally backed legal mechanism available for Americans in financial trouble. Most importantly, bankruptcy offers powerful protections to people that cannot be had in any other way. Some of those protections are as follows:

1.) Protection of Assets: Once a bankruptcy is filed the Court protects many assets from being taken. It also prevents garnishment of wages. In almost all cases we are able to keep a person in their home, keep their cars, and all of their personal belongings to name just a few of the benefits.

2.) Protection from Creditors: Once your bankruptcy is filed, you receive a legal protection called an Automatic Stay. This "stay" prevents creditors and debt collectors from making contact with or trying to collect money from you. The automatic stay will stop foreclosure, lawsuits, wage garnishments, vehicle repossession, utility shut off, license suspensions for uninsured accident damage to another motor vehicle and more.

3.) Discharge of Debt: Upon completion of the bankruptcy your debt is eliminated and does not ever have to be paid back.

4.) Time to catch up on Payment: In many cases bankruptcy filers get a chance to catch up on payments that are overdue on your home, car, or other assets.

5.) Prevent utility disconnections: It provides you the legal authority to stop utility disconnections and the shut-off of essential services. It gives you the power to legally force the companies to reinstate (turn back on) services that have been disconnected.

6.) Re-build Your Credit: Bankruptcy clears up and resolves your debt, judgments, delinquencies, foreclosure and other bad marks on your credit rating and gives you a "fresh slate" upon which to re-build your credit. It also prevents creditors from coming after you years down the line for debts that are labeled "write offs" or "charge offs" by the bank on your credit report but that, unknown to most, are still collectible.

7.) It Works Fast: We are able to stop creditor harassment, lawsuits, foreclosures, garnishments,

repossessions and a whole lot of other problems FAST with bankruptcy. Bankruptcy is not like applying for a bank loan or government assistance. It moves fast. The protections discussed can be used the same day we file. Some of these protections like stopping harassing phone calls are available immediately upon giving us money down for representation.

8.) Peace of Mind: It will provide peace of mind during these crazy, unpredictable times which will prevent illness leading to even bigger problems. It gives you "breathing room" and a time to rest your mind and focus on the other aspects of your life that need to be addressed. And, most importantly, it gives you the legal power to protect your family.

9.) Predictability: You will get the relief and protection you need. We have done thousands of these cases and have a one hundred percent success rate.

10.) It is Covid-19 and Disability Friendly:

We can do it without you ever having to leave home.

11.) It is affordable: We make bankruptcy affordable to everyone by starting your case

for only \$300 down and letting you pay the remainder through an easily affordable, liberal payment plan.

Bankruptcy is about having peace of mind and relief now, but it is also about financial planning for the future. It is about re-establishing credit, keeping the lion's share of your property and resolving all of your current debt and bad marks on your record so that you will be in good financial standing in a few years. It is about a fresh start in life. Everyone deserves a fresh start.

Even though a bankruptcy is technically public record, the fact that you are filing bankruptcy will only be known by a few people who you probably will never even come in contact with- let alone know. It is not published in the local newspapers. The truth is that no one really cares whether you file bankruptcy anyway. They are too concerned with their own problems in these times.

I have often stated that bankruptcy is an act of love to yourself and your family. You do not need to live in fear of debt

collectors, lawsuits, losing your home or any of the other dreaded consequences of financial problems. You do not have deal with the unbearable anxiety of financial stress. We cannot cure your cancer, but we can cure your debt problems. We cannot develop a Covid-19 vaccine, but we can help you prevent the virus from financially devastating you and your family. We can help you regain your peace of mind despite the crisis. It is important to remind yourself that financial problems are temporary. They come and they go. This crisis will end too, like all things. But your health is permanent. Do not allow yourself to lose your permanent health over this temporary crisis and the temporary financial problems it causes.

Biales Delchin offers to start bankruptcy protection and stop bill collector harassment for only three hundred dollars down. If you think Bankruptcy might be able to help you, please call us for a free, confidential, no obligation phone or video consultation.

Lakeland Student Veterans of America Chapter Again Top 5 in the United States

The Student Veterans of America (SVA) chapter at Lakeland Community College has been named one of the top five chapters in the nation once again.

Out of more than 1,500 total SVA chapters in the U.S.,

Lakeland's was named one of five finalists for the 2020 Chapter of the Year award during SVA's 12th Annual National Conference held online earlier this year. This is the second time the Lakeland chapter has been a finalist.

The recognition embodies the SVA's mission to provide the resources, support and advocacy student veterans need for success through and beyond higher education. It also acknowledges efforts in empowering chapter members

and creating positive change on campus and in the community as a whole.

"To make the top 5 nationwide in anything is a great honor and testament to our efforts," said SVA co-adviser Greg Truhan. "The chapter has overcome many obstacles thrown their way but has remained resilient."

Other finalists for this year's SVA Chapter of the Year award were California State University-Northridge, Clemson University (winner), Syracuse University and the University of Washington-Tacoma.

Lakeland Community College is committed to helping active duty personnel, veterans, reservists and dependents attain their personal and professional goals. Lakeland's Veterans Center can help with questions about educational benefits, advice on how to fill out and complete VA forms and much more.

Summer and fall registration is now open. For more information, contact the Lakeland Veterans Center at 440.525.7246 or online at Lakelandcc.edu/veterans.

Audubon Satisfies Curiosity About Coyotes - Virtual Program May 18th

“Meals on Wheels” Program Needs Drivers and Kitchen Help at all 5 Locations

The Lake County Council on Aging’s “Meals on Wheels” program is in need of volunteer drivers to deliver meals and volunteers to assist in the kitchen packing meals.

We are looking for volunteers who can commit to deliver meals or help in the kitchen at least one day per week. As we anticipate senior centers re-opening the need for volunteers on Monday, Tuesday, Wednesday, Thursday and Friday increases. Meals on Wheels volunteers are needed at all five locations; Madison, Painesville, Mentor, Wickliffe and Willowick.

Every weekday, kitchen volunteers are needed for 3 to 4 hours in the morning starting at 7:30am or 8am. Volunteer drivers deliver lunchtime meals to homebound seniors between 10:30am and 12:30pm. Last year, volunteers helped deliver over 195,000 meals to these older residents in need, throughout Lake County.

“The demand for Meals on Wheels service has been increasing each year resulting in this current critical need for volunteers,” said Joe Tomsick, Chief Executive Officer of the Lake County Council on Aging. “The success of the program relies solely on the number of volunteers we have to provide

this much needed service for our aging population.”

The home delivered meal program is a great opportunity to volunteer as an individual or duo, with a family member or a friend, and meet new people within the community. Delivering meals also provides an opportunity for local businesses, community groups and churches to adopt a route and schedule group members to deliver on that day each week.

An important benefit of this home-delivery program is the opportunity for social interaction between the volunteers and the meal recipients. Social isolation is a significant concern for seniors living on their own. The daily visits by Meals on

Wheels volunteers includes not just a meal, but a chance for a friendly smile, a little upbeat conversation and a face-to-face visit that serves as a “wellness check.”

Please call Ann Marie Armario the Council on Aging at 440-205-8111, ext. 228 or email aarmario@lcco.org for more information.

throughout Northeast Ohio, along with honest, fair prices.

Steve Douglas the owner of Mentor Window was asked about how they continue having such success in the home improvement industry. "We have crews that have been with us for decades, and we are very particular about the installers we hire. We won't just hire anyone to catch up if we are backed up a bit, quality is at the top of our list when it comes to workmanship. When it comes to pricing, we are straight forward with people, they don't want to

hear any buy 1 get 1 free nonsense. They want a fair, honest price up front without all the gimmicks you see out there in advertising. We treat each and every one of our customers like family."

"Only about 5% of the Home Improvement companies in Northeast Ohio have performed consistently well enough to earn our Super Service Award," said Angie (founder of Angie's List.) "It's a really high standard."

Angie's List Super Service Award 2020 winners have met strict eligibility requirements,

which include an "A" rating in overall grade, recent grade, and review grade period; the company must be in good standing with Angie's List, pass a background check and abide by Angie's List operational guidelines.

Service company ratings are updated daily on Angie's List. Companies are graded on an A to F scale in areas ranging from price to professionalism to punctuality.

Maximize Your Medicare Benefits

Not everything we need to be healthy and feel our best comes from doctors, hospitals, and prescription medicines. This is why you will find an increasing number of Medicare Advantage plans including an increasing number of services not found in Original Medicare.

Medicare Advantage plans are sold by private insurance companies and provide a different way for their members to receive their Medicare Part A, Part B and often Part D Prescription coverage. In addition to the convenience of an "all-in-one" health insurance plan with coverage for hospital care, doctor visits, outpatient services, and diagnostic tests, many of today's

plans provide a range of extra benefits to help their members maintain their good health.

What are some examples of Advantage plan extra benefits?

Not every Advantage plan offers the same menu of extra benefits. Examples of some of the more popular benefits offered by major Advantage plans include:

- Transportation to health-related services, such as doctors' visits or trips to the pharmacy
- An allowance of anywhere from \$65, \$75 or more every three months for over-the-counter non-prescription medications and health care related products such as cough and cold medicines, heating pads, blood pressure monitors, vitamins and more.

• Wellness programs and gym memberships

• Meal delivery service after a hospital stay

• Fitness trackers

• Bathroom modifications including shower seats and grab bars

While many of the above benefits have been added in recent years, more common 'extras' included in many plans are dental benefits, eye exams and glasses, and hearing aids – all services not covered by Original Medicare.

If your Advantage plan does not provide coverage for any extras, remember that plans have the flexibility to choose the

supplemental benefits they offer. They can also change which, if any, supplemental benefits they will provide - subject to Medicare's approval.

Choosing a Medicare Advantage plan that will be best for you can quickly get confusing. You can spend hours comparing plans on your own or you put your trust in the hands of an insurance professional whose job is to find a plan with the benefits you will use. You want to talk with someone you can rely on and will be around should you have questions in the future. That's where I come in. Call me, Laura Mutsko at Mutsko Insurance Services at 440-255-5700 or email me at Lmutsko@mutskoinsurance.com

Birthday Club:

Happy Birthday to Amanda, Tammy, Gabby, and Billy. They were brought birthday celebrations during the month of April by the Birthday Club. In April, we visited the Deepwood Center and brought Easter Baskets and other goodies to all the residents. The birthdays were simply spectacular and the community support has been overwhelming. There is a small group of individuals including: Councilman Charlie Malta, Sherri Falkenberg, Paula Price from 100 Youth that Care, and others that have created a monthly birthday club for special needs children that live in Eastlake and Willowick. The idea is to identify one Eastlake and one Willowick special needs child each month and take them a birthday celebration with a cake, presents, small celebration, and recognition award for their birthday. If you would like to become involved in this program or nominate a child, please contact Terri Bowes-Kozsey at 440-567-0991.

Bookbag & School Supplies Collection:

We are working with the

Salvation Army, Asa Cox Homes, and 100 Youth that Care on the 2021 Book Bag and School Supplies Drive for Lake County Children. In 2020, over 1600 book bags were distributed between the Salvation Army and Willow Praise. School supplies can be dropped off at either Willow Praise or the Salvation Army in Painesville. Direct monetary donations should be made payable to the Salvation Army. One way to help is to play "Spin and Win" (link is listed below) with all proceeds being donated to the Salvation Army Back to School Supplies Drive. Asa's Angels is donating the proceeds from the Spin and Win program through June 15th, 2021 to the Salvation Army. Buy through Amazon and have the school supplies delivered directly to the Salvation Army 69 Pearl Street Painesville, Ohio 44077. The Distribution dates have been set for August 7th in Painesville, and August 15th in Willowick (details to be announced).

Between the Lines Author Series: Jakob Guanzon

Jakob Guanzon is the author of *Abundance*, a wrenching debut about the causes and effects of poverty. Evicted from their trailer on New Year's Eve, Henry and his son, Junior, have been reduced to living out of a pickup truck. In an ingenious structural approach, Jakob Guanzon organizes *Abundance* by the amount of cash in Henry's pocket. A new chapter starts with each debit and credit, and the novel expands and contracts, revealing the extent to which the quality of our attention is altered by the abundance—or lack thereof—that surrounds us.

Lake County Title Bureaus in Mentor and Wickliffe Now Open for Walk-in Customers

Effective Monday, April 5, 2021, the Lake County Title Bureaus located in Mentor and Wickliffe will be opening to walk-in customers between the hours of 8:00AM to 4:30PM Monday through Friday and 8:00AM to 12:00PM on Saturdays. Passport service will continue to be by appointment only Monday through Friday between the hours of 8:00AM and 4:30PM.

Following consultation with the Lake County General Health District and the continuing decline in Covid-19 cases in the

county, the Lake County Title Bureaus will be reopening to the public. To maintain compliance with local, state, and federal guidelines regarding Covid-19, there will be a limit to the number of people allowed into the building at any one time, and other safety precautions shall remain in place.

A list of the guidelines will be posted on the doors of the buildings as well as on the website of the Lake County Clerk of Courts. This list was created in collaboration with the Lake County General Health

District from best practices established across Lake County and the region.

"When I took office, the Title Bureaus were essentially closed to the people. We have worked diligently with Ron Graham, Lake County General Health District, to slowly and safely reopen to the public. Since opening by appointment only two months ago, we have experienced a steady increase in demand for title and passport services. It is time to open back up to the people as we prepare to enter the summer months."
