Quotes:

“I enjoy watching her work hard daily in everything she participates in. She is a go-getter and never has an excuse if things don’t go her way. She just uses those challenges or downfalls as lessons learnt and moves forward. She exhibits great characteristics of a leader. She is dedicated and knows what she wants. She has a plan and is following it through. When I hear her talk I see a bright future for her.” **Jazmin Harris** - Social Worker

“The support of those who donated to the anchor scholarship foundation will help impact my goals by helping me fight harder to succeed and overcoming all obstacles put in front of me. I want to prove to the donor that what they have done does make a difference, they are going to be one of the many forces that drives me to do better. I will always remember they had to give up something, in order for me to succeed. Without you none of this would be possible. I thank you for your support and dedication, it does not go unnoticed.” **Charlonda**
