

B/G	Age	Flight Color	Club	Team Name	Trophy Awarded
-----	-----	--------------	------	-----------	----------------

Any trophy description that ends in a ? is not known if an actual award was taken home by the team. These are mostly late morning session flights that ended around the time the cancellation was announced. If the trophy says "needed" these are almost assuredly later afternoon flights that would not have completed and would not have trophies handed out. Known awards are in red bold type and end in "YES".
